**Common Ground** Jillian Clark, 2014 This thesis examines the recent history of the teaching of argument and its implications in the face of new writing standards being implemented in K 12 classrooms under the Common Core State Standards The new educational policies will shift the focus of writing instruction onto argument writing as part of students college readiness In a survey and analysis of the argument scholarship in the National Council of Teachers of English's NCTE premier journals on the teaching of writing College English and College Composition and Communication I demonstrate the clear trend in college argument scholarship away from initially hostile two sided debates Scholarship in these journals instead advocates for process oriented argument pedagogies that account for multiple voices working towards arguments of cooperation and skills that can be transferred out of the classroom and into real world problem solving scenarios Through close readings of the Common Core State Standards for Writing in Grades 11 12 and the NCTE's college readiness document the Framework for Success in Postsecondary Writing I argue that teachers of argument can honor the commitment to cooperation present in argument scholarship while meeting the state standards by using the Framework as a guide to pedagogy which is not dictated by the standards This thesis challenges the assumptions of opposition between policy and pedagogy in the teaching of argument by seeking their common ground **Oh, Yeah?!** Michael William Smith, Jeffrey D. Wilhelm, James E.

Fredricksen, 2012 Because everything is an argument In this book we'll argue that you can teach the writing of argument so that students will not only exceed the Common Core State Standards but also be prepared for a future as students and citizens Michael Smith Jeffrey Wilhelm and James Fredricksen The Common Core State Standards are an argument that students' ability to write sound arguments on substantive topics and issues is critical to college and career readiness This book is an argument Oh Yeah will persuade you that it is an ideal resource for helping you teach argument writing to adolescents And not just any arguments but the kinds of substantive ones the real world demands We believe write Michael

Smith Jeffrey Wilhelm and James Fredricksen that instruction directed to improve student performance on standards based assessments MUST be the most powerful and engaging instruction we can possibly offer To that end they fill Oh Yeah with proven lessons for writing reading and discussing arguments that you can use right now In addition they provide ideas for how to create instructional contexts that maximize the power of those lessons through a compelling framework that will help you create your own lessons and units in the future Life may be a series of arguments but your decision about how to teach argument writing needn t be complicated Trust Smith Wilhelm and Fredricksen use Oh Yeah in your classroom and give students an argument for meeting and exceeding the Common Core standards
