## 2026 Guide Sci Fi Dystopia:

**Writers' Handbook 2026** J. Paul Dyson, 2025-07-10 The 2026 edition of firstwriter.com's annual directory for writers is the perfect book for anyone searching for literary agents, book publishers or magazines. It contains over 1 400 listings including revised and updated listings from the 2025 edition and over 200 brand new entries. Finding the information you need is now quicker and easier than ever before with multiple tables and a detailed index and unique paragraph numbers to help you get to the listings you're looking for. The variety of tables helps you navigate the listings in different ways and includes a Table of Authors which lists over 5 000 authors and tells you who represents them or who publishes them or both. The number of genres in the index has expanded to over 950. So for example while there was only one option for Romance in previous editions you can now narrow this down to Historical Romance, Fantasy Romance, Supernatural Romance, Paranormal Romance, Contemporary Romance, Diverse Romance, Erotic Romance, Feminist Romance, Christian Romance or even Amish Romance. The new edition includes Over 600 literary agents and agencies, Over 350 magazines and Over 400 publishers that don't charge fees. International markets become more accessible than ever with listings that cover both the main publishing centres of New York and London as well as markets in other English speaking countries. With more and more agents, publishers and magazines accepting submissions online this international outlook is now more important than ever. There are no adverts, no advertorials and no obscure listings padding out hundreds of pages. By including only what's important to writers, contact details for literary agents, publishers and magazines, this directory is able to provide more listings than its competitors at a lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2027. This means you can get free access to the firstwriter.com website where you can find even more listings and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets, featured saved searches, competitions, listings, searchable personal notes and more. I know firsthand how lonely and dispiriting trying to find an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts, advice and encouragement to aspiring writers. I've been recommending it for years now. Robin Wade, literary agent at the Wade Doherty Literary Agency Ltd and long term firstwriter.com subscriber.

**The Speculative Route** Merve Tabur, Sami Ahmad Khan, 2025-08-29 The Speculative Route explores speculative traditions and science fictional modes across South and Southwest Asia and North Africa (SSWANA) examining their historical connections, inter and intra regional entanglements, overlaps and differences. Conceptualizing science fiction and fantasy (SFF) as a mode rather than a genre this volume challenges the putative boundaries between literary and genre fiction through critical studies and essays focusing on SFF from Bangladesh, Egypt, India, Iran, Pakistan, Palestine, Sri Lanka and Turkey. It demonstrates the ways in which science fictional modes of thinking and imagination function as critical tools for addressing social, cultural and political issues beyond genre conventions and expectations. authors of contemporary SF this volume focuses on central themes such as the relationship between aesthetics and politics alterity world building memory trauma colonialism and decolonization ecology gender religion and mythopoetics It engages with the past present and future of speculative traditions in SSWANA and compares the visions that emerge from these seemingly disparate but historically connected entities Part of the Studies in Global Genre Fiction series this volume will be of great interest to academics students and practitioners in the fields of genre studies notably SF SFF comparative literature media and popular culture area studies postcolonial studies and future studies as well as to readers who are interested in exploring SFF works from the Global South *Magill's Guide to Science Fiction and Fantasy Literature: Software and wetware*, 1996 These four volumes cover 791 books or series 238 of them published during the 1980s and 1990s the entries are 1 000 words long for single books and 1 500 for series with a one sentence summary beginning each entry followed by bibliographical information Volume 4 contains an extensive bibliography of critical works on science fiction and fantasy a list of major award winners a genre index Booklist *Reference Guide to Short Fiction* Noelle Watson, 1994 Devoted to those practitioners of the art of short fiction this new 2nd edition offers thorough coverage of approximately 375 authors and 400 of their works In a single volume Reference Guide to Short Fiction features often studied authors from around the world and throughout history all selected for inclusion by a board of experts in the field Reference Guide to Short Fiction is divided into two sections for easy study The first section profiles the authors and offers personal and career details as well as complete bibliographical information A signed essay helps readers understand more about the author These authors are covered Sandra Cisneros Nikolai Gogol Ernest Hemingway Langston Hughes Gabriel Garcia Marquez Salman Rushdie Jean Paul Sartre Edith Somerville Eudora Welty And others Section two helps readers gain deeper understanding of the authors and the genre with critical essays discussing 400 important works including The Hitchhiking Game Milan Kundera The Swimmer John Cheever The Dead James Joyce A Hunger Artist Franz Kafka How I Met My Husband Alice Munro Kew Gardens Virginia Woolf This one stop guide also provides easy access to works through the title index **Reference Guide to Short Fiction** Thomas Riggs, 1999 Reference Guide to Short Fiction provides study and commentary on the most instrumental writers of short fiction through the 20th century International in scope this single scholarly volume includes 779 entries on 377 authors and 402 short stories *Digger* Deborah Chouette, 2026-01-06 In this dystopian middle grade novel a climate change disaster forces humanity to flee as Earth's atmosphere escapes into space Narrated by siblings Nick and Lily the story follows their resourcefulness in aiding neighbors Nick's digging prowess and Lily's strategic planning become vital as oxygen diminishes Nick unveils a hidden tunnel connecting houses forming a lifesaving network as breathable air dwindles Lily crafts a communication system with walkie talkies and baby monitors to share critical information A frantic race ensues to complete the tunnels before food and oxygen become scarce a tense battle for survival in a world teetering on the brink

Science Fiction and the Cultural Politics of Education Graham B.

Slater,2026-01-22 Increasingly contemporary education exhibits characteristics that have often been associated with science fiction The acceleration of technological change and ecological crisis and the intensification of fascist authoritarian and xenophobic identifications haunt both the present and possible futures Despite these emergent tendencies educational discourse retains its marketized assumptions instrumental economism and techno optimism The pursuit of educational futures that are informed by a cultural politics of utopian imagination faces major obstacles to intervene in time to map alternative trajectories and build new worlds Bringing together diverse perspectives theoretical approaches and texts the book asks what science fiction can bring to cultural politics in education and how the cultural politics of science fiction can transform educational futures It also questions whether science fiction can guide educational projects that aim to foster visions of what Fredric Jameson called unimaginable futures and if critical studies of science fiction can guide scholars

teachers and cultural workers to think about the purpose and potential of education in the current moment This imaginative volume demonstrates how thinking with science fiction affords educators a speculative energy made artificially scarce by precarious conditions reactionary ideologies and hegemonic practicality This book was originally published as a special issue of *Review of Education Pedagogy and Cultural Studies* *Reference Guide to American Literature* Jim Kamp,1994 Now in its 3rd edition the Reference Guide to American Literature focuses on the rich diversity of individuals that comprise an important group of American novelists poets dramatists and essayists Entries include expanded multi ethnic representation and profile more African Americans and for the first time Asian Hispanic and Native American writers and works as well as writers who concentrate on women s and gay and lesbian issues *American Literature and Therapeutic Cultures* Martin

Halliwell,Nicholas Manning,2026-01-31 This volume explores the myriad interactions between American literature and psychological discourses in the United States from self help to alternative health practices to psychotherapeutic approaches Spanning the 1940s to the 2020s it sheds light on the development and conceptualization of therapeutic culture during a century in which it has oscillated between clinical and cultural domains Bringing together an intergenerational group of scholars from France the UK and the US the collection examines authors as varied as William Carlos Williams Lionel Trilling Sylvia Plath Philip Roth Colson Whitehead Daniel Suarez and Ottessa Moshfegh Moving beyond the conventional focus on psychoanalysis the eleven contributors foreground how American literature is animated by broader therapeutic modes and trajectories At stake are not only literature s historical links to psychological theories and institutions but the neoliberal framing of literary texts as tools for personal restoration **The Image of the City in Literature, Media, and Society**
