Trading on Sentiment Richard L. Peterson, 2016-03-04 In his debut book on trading psychology Inside the Investor s Brain Richard Peterson demonstrated how managing emotions helps top investors outperform Now in Trading on Sentiment he takes you inside the science of crowd psychology and demonstrates that not only do price patterns exist but the most predictable ones are rooted in our shared human nature Peterson s team developed text analysis engines to mine data topics beliefs and emotions from social media Based on that data they put together a market neutral social media based hedge fund that beat the S P 500 by more than twenty four percent through the 2008 financial crisis In this groundbreaking guide he shows you how they did it and why it worked Applying algorithms to social media data opened up an unprecedented world of insight into the elusive patterns of investor sentiment driving repeating market moves Inside you gain a privileged look at the media content that moves investors along with time tested techniques to make the smart moves even when it doesn t feel right This book digs

underneath technicals and fundamentals to explain the primary mover of market prices the global information flow and how investors react to it It provides the expert guidance you need to develop a competitive edge manage risk and overcome our sometimes flawed human nature Learn how traders are using sentiment analysis and statistical tools to extract value from media data in order to Foresee important price moves using an understanding of how investors process news Make more profitable investment decisions by identifying when prices are trending when trends are turning and when sharp market moves are likely to reverse Use media sentiment to improve value and momentum investing returns Avoid the pitfalls of unique price patterns found in commodities currencies and during speculative bubbles Trading on Sentiment deepens your understanding of markets and supplies you with the tools and techniques to beat global markets whether they re going up down or sideways Intelligent Investing in Irrational Markets Panos Mourdoukoutas,Christopher Bates,2025-09-01

Investing involves the basic principles of economics that help investors identify financial goals and constraints to come up with the right asset and portfolio allocation This second edition outlines the updated rules for investing in irrational markets successfully It discusses the emotions that go into investing decisions the benefits or lack thereof of paying someone else to manage your money and the importance of a financial plan It also gives a thorough account of the asset classes to buy and sell including stocks and explores humans as both emotional and intelligent beings Investing is as the book details a game of both economics and psychology It will be of interest to both students and researchers of capital markets investments and securities behavioral finance and financial psychology **Giving Up Whiteness** Jeff James,2020-10-06 Jeff James was one of the good white guys At least that s what he thought But when he asked a black friend how to become an antiracist he had to think again Simple she shot back get rid of whiteness Thus began his journey to discover name and dismantle the racial category that had defined and advantaged him for a lifetime In Giving Up Whiteness James leads readers on an intimate humble and disorienting investigation of what it means to be white in twenty first century America He begins to wonder what forces shape his own and other white people s choices about where to live who to marry and what church to join With a blend of honest storytelling and incisive critique James guides readers through the questions he encountered What privileges accrue to people categorized as white How have some Christians bolstered white supremacy through misreading of Scripture How does whiteness make itself invisible And is it possible to give it up The things we can t see yield the most power so it s time to take a hard look at whiteness Ultimately James writes white people like him have a lot of work to do and it s past time to get started Analytics and Data Science Amit V.
