STEM For Kids Readers Choice:

Children's Reading Choices Martin Coles, Christine Hall, 2002-01-04 Children's Reading Choices discusses the reading habits of children aged between 10 and 14. The book reports the findings of the Children's Reading Choices project conducted by the authors from the University of Nottingham and the largest national survey of children's reading choices since the 1970s. The book includes reports and discussion on girls and boys reading preferences and the differences between their reading habits, the place of series books, teenage magazines and comics in children's reading, the most popular authors and titles at different ages, purchasing habits and library use. Reader's Choice Kim Flachmann, Michael Flachmann, Alexandra MacLennan, 2006. School Life, 1962. *Through the Eyes of a Child* Donna E. Norton, Sandra E. Norton, 1999. One of the most respected comprehensive sources on available children's literature. Surveys the history of children literature, explores the child's response to literature and explains how to evaluate and select literature for children. Features unique two-part genre chapters: one part content and one part methods. Covers artists and their illustrations, picture books, traditional literature, modern fantasy, poetry, contemporary realistic fiction, historical fiction, multicultural literature and nonfiction, biographies and informational books. Contains illustrations from favorite full-color children's books in their original colors and art from real children. Features guest editorials by authors and illustrators, flashbacks of historical events, works and people, and a section on multicultural literature in every chapter. Provides a dual platform CD-ROM with annotated reference information on the more than 3000 children's literature titles listed in the book. For anyone interested in children's literature. **Literary World; Choice Readings from the Best New Books, with Critical Reviews**, 1888.
