YouTube Review Social Buzz:

Transforming Management with AI, Big-Data, and IoT Fadi Al-Turjman, Satya Prakash Yadav, Manoj Kumar, Vibhash Yadav, Thompson Stephan, 2022-02-17 This book discusses the effect that artificial intelligence AI and Internet of Things IoT have on industry. The authors start by showing how the application of these technologies has already stretched across domains such as law, political science, policy, and economics, and how it will soon permeate areas of autonomous transportation, education, and space exploration, only to name a few. The authors then discuss applications in a variety of industries. Throughout the volume, the authors provide detailed, well-illustrated treatments of each topic with abundant examples and exercises. This book provides relevant theoretical frameworks and the latest empirical research findings in various applications. The book is written for professionals who want to improve their understanding of the strategic role of trust at different levels of the information and knowledge society: that is, trust at the level of the global economy, of networks and organizations, of teams and work groups, of information systems, and finally, trust at the level of individuals as actors in the networked environments. Presents research in various industries and how artificial intelligence and Internet of Things is changing the landscape of business and management. Includes new and innovative features in artificial intelligence and IoT that can help in raising economic efficiency at both micro and macro levels. Examines case studies with tried and tested approaches to resolution of typical problems in each application of study. **HR Analytics in an Era of Rapid Automation** Yadav, Radha, Sinha, Mudita, Kureethara, Joseph Varghese, 2023-08-01 Human Resources. HR departments often have significant data sets related to employees and positions within their organizations, but optimizing use of this data can present challenges. As the business world rapidly transforms due to technological advancements, experts within the HR domain must learn to effectively use data to improve workforce performance and assist with strategic decisions. A comprehensive understanding of HR analytics and its multiple levels, ranging from descriptive to perspective, can emphasize how the data can support, track, and monitor employee performance, culture, turnover rate, and absenteeism. *HR Analytics in an Era of Rapid Automation* is a valuable guide for academics, researchers, and practitioners interested in the latest developments in HR analytics. It covers relevant theories and conceptual models based on quantitative and qualitative findings and emphasizes the importance of utilizing HR analytics for sustainable decision making. With a focus on recruitment, analytics, talent acquisition, employee performance, analytics, and more, this book provides practical solutions to the challenges facing HR professionals in the rapidly changing business world. By highlighting the value of people and HR analytics for business success, this book offers several solutions for the analysis of challenges facing HR professionals today. Misleading Film Posters Isabella Hughes, AI, 2025-03-29 *Misleading Film Posters* explores the pervasive issue of deceptive advertising within the film industry, specifically focusing on how movie posters often misrepresent the actual cinematic experience. These deceptive practices, from fabricated scenes to inaccurate character portrayals, shape audience expectations and significantly

influence box office success One intriguing fact is how posters can employ visual rhetoric and semiotics to create false impressions sometimes leading to audience disappointment The book uniquely combines historical analysis psychological insights and ethical considerations to dissect these misleading tactics The book's approach involves a systematic examination beginning with core concepts like visual communication and the power of suggestion It then progresses to case studies analyzing posters from various genres and eras to identify common deceptive techniques By exploring examples of film promotion the book reveals how the film industry's marketing practices can undermine audience trust and distort artistic integrity The goal is to encourage a more transparent and honest approach to film marketing

Clow, 2017-01-25 Ken Clow developed 2e because he felt that currently available texts do not meet the needs of the majority of students enrolled in the Marketing Management capstone course required for marketing majors Clow's text differentiates itself in a number of ways Clow provides an emphasis on the tasks and challenges associated with entry level and first line marketing positions Entry level marketing employees often find that they will be expected to assess marketing programs both before they are launched and again after they have been launched Consequently the text provides financial analyses of marketing programs and decisions discussed in each of the chapters Current texts place too much emphasis on branding and not enough on customer service and customer loyalty The second edition offers a powerful integration of the fields of marketing and management The primary emphasis is pointing out managerial applications of marketing tactics and practices throughout the entire book **Trends, Challenges & Innovations in Management - Volume III** Dr Ramesh Kumar Miryala, 2015-03-15 Globalization has proliferated business with numerous challenges and opportunities and simultaneously at other end the growth in economy population income and standard of living has redefined the scope of business and thus the business houses approaches A highly competitive environment knowledgeable consumers and quicker pace of technology are keeping business enterprises to be on their toes Today management and its concepts have become

key for survival of any business entity The unique cultural characteristics tradition and dynamics of consumer demand an innovative management strategy to achieve success Effective Management has become an increasingly vital ingredient for business success and it profoundly affects our day to day life Today the role of a business houses has changed from merely selling products and services to transforming lives and nurturing lifestyles The Indian business is changing and so do the management strategies These changing scenarios in the context of globalization will bestow ample issues prospects and challenges which need to be explored The practitioners academicians and researchers need to meticulously review these aspects and acquaint them with knowledge to sustain in such scenarios Thus these changing scenarios emphasize the need of a broad based research in the field of management also reflecting in management education This book is an attempt in that direction I sincerely hope that this book will provide insights into the subject to faculty members researchers and students from the management institutes consultants practicing managers from industry and government officers **Business**
