

A complex collage of classical Greek art. In the top left is a large marble head of Athena wearing a helmet. To its right is a painting of a winged figure, possibly Nike, on a horse. Below the Athena head is a bronze statue of a bearded man, likely a hero. In the center is a large, dark, circular object with a pointed tip, resembling a sword hilt or a shield boss, which serves as a background for the text. To the right of this is a marble statue of a muscular man, likely Achilles, and below it is a painting of a figure in a red cloak. At the bottom is a painting of a city, likely Troy, with a figure in the foreground holding a spear. The text is overlaid on the central dark object.

Gods, men  
and heroes  
I curse you

Olabarria,2024-08-22 Focusing in turn on history powerful individuals under represented voices and the arts the essays in this collection cover a wide variety of modern and contemporary narrative fiction from Jo Walton and L Sprague De Camp to T S Chaudhry and Catherynne M Valente Chapters look into the question of chance versus determinism in the unfolding of historical events the role individuals play in shaping a society or occasion and the way art and literature symbolise important messages in counterfactual histories They also show how uchronic narratives can take advantage of modern literary techniques to reveal new and relevant aspects of the past giving voices to marginalised minorities and suppressed individuals of the ancient world Counterfactual fiction and uchronic narratives have been largely up until now the domain of literary critics However these modes of literature are here analysed by scholars of Ancient History Egyptology and Classics shedding important new light on how cultures of the ancient world have been and still are perceived and to what extent our conceptions of the past are used to explore alternate presents and futures Alternate history entices the imagination of the public by suggesting hypothetical scenarios that never occurred underlining a latent tension between reality and imagination and between determinism and contingency This interest has resulted in a growing number of publications that gauge the impact of what if narratives and this one is the first to give scholars of the ancient world centre stage
