

The clock is now in motion.

To set the time, simply move minute hand around the dial until the clock shows the right time.

To regulate the time

move part "f" to the right (clockwise) if clock runs too fast.

Move part "f" to the left (counterclockwise) if your clock runs too slow.

Take great care in moving part "f" that you hold pendulum assembly securely with other hand so that you do not twist or damage the delicate wire suspension spring.

Finally place glass dome over the clock carefully and your Kando clock is ready to give excellent service for many, many years.
