## **Gothic Fantasy Blueprint:**

*Lesbian Gothic* Paulina Palmer, 1999 Tracing the growth of lesbian Gothic fiction over the 25 years since the advent of the Women's Movement and Gay Liberation in the 1970s this text discusses a wide selection of novels and stories contextualizing and re-evaluating them in the light of changing currents in lesbian queer culture and politics The figure of the lesbian frequently portrayed in a homophobic misogynistic light has long been a standard component of popular Gothic fiction and film The author argues however that in more contemporary fiction motifs and modes of fiction with Gothic associations such as the witch the vampire the spectral visitor and the Gothic thriller have been appropriated by writers adopting a lesbian viewpoint to articulate the transgressive aspect of lesbian sexuality and existence **Blueprint**, 2009 Fantasy and Horror Neil Barron, 1999-06-17 More than 2 300 works of fiction and poetry are discussed each cross referenced to other works with similar or contrasting themes Winners and nominees for major awards are identified Books that are part of a series are flagged with a complete list of books in series included in a final chapter along with a comprehensive list of awards of translations and of young adult and children's books **Push Me, Pull You** Sarah Blick, Laura Deborah Gelfand, 2011-05-01 Late Medieval and Renaissance art was surprisingly pushy its architecture demanded that people move through it in prescribed patterns its sculptures played elaborate games alternating between concealment and revelation while its paintings charged viewers with imaginatively moving through them Viewers wanted to interact with artwork in emotional and or performative ways This inventive and personal interface between viewers and artists sometimes conflicted with the Church's prescribed devotional models and in some cases it complemented them Artists and patrons responded to the desire for both spontaneous and sanctioned interactions by creating original ways to amplify devotional experiences The authors included here study the provocation and the reactions associated with medieval and Renaissance art and architecture These essays trace the impetus towards interactivity from the points of view of their creators and those who used them Contributors include Mickey Abel Alfred Acres Kathleen Ashley Viola Belghaus Sarah Blick Erika Boeckeler Robert L A Clark Lloyd DeWitt Michelle Erhardt Megan H Foster Campbell Juan Luis Gonz lez Garc a Laura D Gelfand Elina Gertsman Walter S Gibson Margaret Goehring Lex Hermans Fredrika Jacobs Annette LeZotte Jane C Long Henry Luttikhuisen Elizabeth Monroe Scott B Montgomery Amy M Morris Vibeke Olson Katherine Poole Alexa Sand Donna L Sadler Pamela Sheingorn Suzanne Karr Schmidt Anne Rudloff Stanton Janet Snyder Rita Tekippe Mark Trowbridge Mark S Tucker Kristen Van Ausdall Susan Ward **British Literature and Technology, 1600-1830** Kristin M. Gerten, Aaron R. Hanlon, 2023-01-13 Enlightenment era writers had not yet come to take technology for granted but nonetheless were as we are today both attracted to and repelled by its potential This volume registers the deep history of such ambivalence examining technology's influence on Enlightenment British literature as well as the impact of literature on conceptions of attitudes toward and implementations of technology Offering a counterbalance to the abundance of studies on literature and

science in seventeenth and eighteenth century Britain this volume's focus encompasses approaches to literary history that help us understand technologies like the steam engine and the telegraph along with representations of technology in literature such as the political machine Contributors ultimately show how literature across genres provided important sites for Enlightenment readers to recognize themselves as chimeras hybrids of machine and organism and to explore the modern self as a creature of social reality as well as a creature of fiction
