Complete Workbook Digital Detox Lifestyle:

Digital Detox Needs Julian Beaumont, AI, 2025-02-22 *Digital Detox Needs* addresses the growing concern of excessive screen time and its effects on family relationships and individual well-being. The book uniquely blends psychology, family dynamics, and addiction research to offer practical methods for creating healthy digital habits. Did you know that excessive screen time can affect brain development especially in children and impact emotional regulation within families? The book emphasizes that mindful digital habits are essential, providing insights into the addictive potential of digital devices and how this impacts family dynamics. The book progresses systematically starting with an examination of the digital landscape and its impact on families. It then moves into addiction studies detailing the neurological impacts of excessive screen use. Finally, it provides a guide for establishing screen-free zones and fostering alternative activities which is critical because proactive intervention can lead to improved mental health and stronger family bonds. The book offers concrete solutions for families to implement, moving beyond simply identifying the problem by helping people create personalized digital detox plans.

Digital Detox Trine Syvertsen, 2020-03-30 Against a backdrop of increasingly intrusive technologies, Trine Syvertsen explores the digital detox phenomenon and the politics of disconnection from invasive media. With a wealth of examples, the book demonstrates how self-regulation online is practiced and delves into how it has also become an expression of resistance in the 21st century.

STRESS AND STRUGGLES Comprehensive Book of Stress, Mental Health & Mental Illness

Bettahalasoor S Somashekar, Narayana Manjunatha, Santosh K Chaturvedi, Bhavika Vajawat, Mohamed Yaasir, Mohamudbucus, Prateek Varshney, 2025-04-23 The book *Stress and Struggle* in the second edition comes with expansion of stress terrain while retaining the basic aspects published in the first edition. We have retained all the thirty six chapters from first edition and sixteen new chapters on range of areas are added to the second edition. Many of the chapters from the first edition have been updated to include current research and trends. Consequently the number of chapters increased from 36 to 53 and number of experts and academiciaans contributed to the book has increased from 69 to 106. We are indebted to the enthusiastic response and cooperation from the authors for their time and effort to pen complex ideas/concepts into easily readable chapters.
