Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We ll Not Go Home Again provides a framework for our fascination with the apocalyptic events The popular appeal of the end of the world genre is clear in movies novels and television shows Even our political debates over global warming nuclear threats and pandemic disease reflect a concern about the possibility of such events This popular fascination is really a fascination with survival how can we come out alive And what would we do next The end of the world is not about species death but about beginning again This book uses postapocalyptic fiction as a terrain for thinking about the state of nature the hypothetical fiction that is the driving force behind the social contract The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian a Lockean or a Rousseauian lens including Lucifer s Hammer by Larry Niven and Jerry Pournelle Alas Babylon by Pat Frank Malevil by Robert Merle and Into the Forest by Jean Hegland The latter half of the book examines Octavia Butler s postapocalyptic Parable series in which a new kind of social contract emerges one built on the fact of human dependence and vulnerability *Teeth and Talons (Volume I)* Jason Youngdale, 2019-12-09 Teeth and Talons Volume I describes different creatures for your players characters to run into during a RPG adventure This book also contains Quick Start rules for Sage Sand at the back Statistics are provided for three other RPG systems besides Sage Sand Though conversion of the stats to the Astral Conflict RPG or other RPGs is easy These creatures shown in this book are bizarre and unique The artwork was done by a variety of artists I am excited to work further with them I hope you enjoy scaring your players with these monsters *Avatars of the Amazon* Jason Youngdale, 2019-10-09 The Amazon Rain Forest burns and is being cut down at an alarming rate Kapatilist Corporation is sick of the locals disrupting its greedy pursuits Forest fires from both sides have been started and the ecosystem is in danger A giant weaponized vehicle of destruction has been created by the Kapatilist Corporation to deal with tree cutting and meddlesome local eco warriors The Forest itself cries out An old woman with an interesting necklace begs for your help The machine must be destroyed This is an introductory adventure for the Sage Sand Role playing game You don t need the base rulebook to play as Quick Start rules are provided But it is recommended The adventure is based in the Amazon Rainforest Five players is the ideal number for this adventure **Perceiving Environments. Protagonist Perspectives in Post-Apocalyptic Novels** Ilayda Can, 2023-08-31 Bachelor Thesis from the year 2020 in the subject American Studies Literature grade 1 5 University of Flensburg Institut f r Sprache Literatur und Medien course American Literature language English abstract The allure of dystopian novels lies in how they scrutinize the relationships between humans and the environment in a post apocalyptic world This introduction discusses mankind s fascination with the end of the world and how authors utilize the opportunity to create innovative ideas on a tabula rasa to shape the social fabric and environment of a post apocalyptic world The analysis begins with the origins of the apocalypse concept in eschatological narratives compares Biblical and Qur anic depictions and

investigates how contemporary authors utilize and adapt these elements to address current and forthcoming environmental issues in their works
