Code History John Sliz:

The Code of History John Sliz, 2013-08 A technological mystery mixed with espionage based on the practices of the National Security Agency as they monitor the world. Two people attract their attention because of their unreadable communications. They are using a code that can't be cracked and soon become the NSA's greatest foe. The organization must find these people at all costs. The manhunt begins in Europe and North America but will they disarm them in time?

Bridging the Club Route John Sliz, 2015-04-22 During Operation Market Garden the Guards Armoured Division led the advance from the breakout to the capture of the bridges at Nijmegen and their engineers were responsible for keeping the advance going at all costs. Positioned at the head of the column they were prepared to bridge any and all waterways along the way. Amongst numerous tasks they built a triple single Bailey bridge at Zon overnight and cut the wires to the road bridge at Nijmegen. This book examines in detail how they performed the extraordinary tasks that they were presented with. **The**

Long Road Back to Arnhem John Sliz, 2018-12-28 After their famous evacuation of the 1st British Airborne Division during Operation Berlin the 23rd Field Company R C E or Storm Boat Kings as they were nicknamed were given a number of unique tasks. These included everything from helping M I 9 send agents behind enemy lines to training other units in the use of Storm boats. It traces the all-important genesis and development of the cryptanalytic techniques used to break the main Japanese Navy code, JN-25, and the Japanese Army's Water Transport Code during WWII. This is the first book to describe, explain, and analyze the code-breaking techniques developed and used to provide this intelligence, thus closing the sole remaining gap in the published accounts of the Pacific War. The authors also explore the organization of cryptographic teams and issues of security, censorship, and leaks. Correcting gaps in previous research, this book illustrates how Sigint remained crucial to Allied planning throughout the war. It helped direct the advance to the Philippines from New Guinea; the
