**Teaching with the Common Core Standards for English Language Arts, Grades 3-5** Lesley Mandel Morrow, Karen K. Wixson, Timothy Shanahan, 2012-11-29 Nearly every state has independently adopted the Common Core State Standards CCSS making this practical guide an indispensable resource for grades 3-5 teachers and teachers in training. Leading authorities explain each of the English language arts ELA standards and vividly show how to implement them. The book is filled with grade specific classroom vignettes, instructional strategies and activities, sample lesson plans and discussion questions. Chapters cover the major ELA strands: reading, literature, informational texts and foundational skills: writing, speaking and listening, and language. Issues of assessment and technology integration are also explored. An appendix includes thematic units for each grade level demonstrating ways to embed CCSS ELA standards into content area instruction. **Prioritizing the Common Core** Larry Ainsworth, 2013 The consensus among educators nationwide is that in-depth instruction paired with focused assessment of essential concepts and skills are far more effective than superficially covering every concept and skill in the standards. Educators are faced with the task of teaching all standards while meeting the extraordinary range of student learning needs. Prioritizing the Common Core offers common sense solutions to the dilemmas teachers face today in implementing the new, more rigorous national standards. Chapters present a rationale for prioritizing the Common Core, a step-by-step process for prioritizing standards in language arts and mathematics, strategies for soliciting feedback and input from everyone in the district or school prior to the final determination of the Priority Standards, and detailed summaries of the process schools in six different districts used to identify their Priority Standards with accompanying commentary by those who directed the work.
