Rumpole and His Rivals Peter Robson, 2025-02-15 *Rumpole and His Rivals* examines comic legal fiction and the role it plays in the public's understanding of the legal system. The work focuses on the writings of eight lawyer authors over the past century and traces the different approaches taken in this form of comedic literature. Over sixty comic legal fiction books have been published in Britain between 1924 and 2024 with the desire of their authors not only to entertain but to inform, educate and create a valuable resource for anyone seeking to understand how and why the rule of law and legal profession have garnered the current reputation and level of confidence which they have. **MIC 2021** Fibry Jati Nugroho, Eko Eddya Supriyanto, Meida Rachmawati, Herie Saksono, Kustiyono Kustiyono, Robbi Rahim, 2022-01-08 This book contains the proceedings of the 1st Multidiscipline International Conference MIC 2021 will be an annual event hosted by Nusantara Training and Research NTR. Intellectual property is one of the most confusing and widely used dimensions of the law. By granting exclusive rights to publish, manufacture, copy or distribute information and technology, IP laws shape our cultures, our industries and our politics in countless ways with consequences for everyone including artists, inventors, entrepreneurs and citizens at large. In this engaging accessible study Aram Sinnreich uncovers what's behind current debates and what the future holds for copyrights, patents and trademarks. *Jonah, the Federal Sleuth* Mitchell Lee, 2017-01-17 It sounds like the plot for a great novel. A young man turns away from Christ and joins the Army where he works on helicopters before becoming an assassin for the CIA. For Mitchell Lee, however, this is no fictional plot; this is his life. While he would try rededicating himself to the Lord, he was ostracized from ministry work and became an investigator. Eventually, however, he fled Indiana after corrupt informers tried to frame him for a crime that never occurred. After contacting the FBI to clear his name, the agency commissioned him as a street agent specializing in detecting assassination plots and crime rings. He soon discovered that many criminals working for the government were using their status as informers to further their criminal enterprises. As an FBI agent, he prevented unconstitutional stings targeting militias and after quitting his former employer, tried to kill him. You'll discover that

truth is stranger than fiction as well as the shortcomings of American democracy in *Jonah the Federal Sleuth*

International Migration, 2005 **Holocaust Cinema Complete** Rich Brownstein, 2021-10-01 Holocaust movies have become an important segment of world cinema and the de facto Holocaust education for many. One quarter of all American produced Holocaust related feature films have won or been nominated for at least one Oscar. In fact from 1945 through 1991 half of all American Holocaust features were nominated. Yet most Holocaust movies have fallen through the cracks and few have been commercially successful. This book explores these trends and many others with a comprehensive guide to hundreds of films and made for television movies. From Anne Frank to Schindler's List to Jojo Rabbit more than 400 films are examined from a range of perspectives: historical, chronological, thematic, sociological, geographical, and individual. The filmmakers are contextualized including Charlie Chaplin, Sidney Lumet, Steven Spielberg, Quentin Tarantino, and Roman Polanski. Recommendations and reviews of the 50 best Holocaust films are included along with an educational guide, a detailed listing of all films covered, and a four part index/glossary. *Two Aspirins and a Comedy* Metta Spencer, 2015-12-03 An extraordinary book which makes a vital contribution to our understanding of the potential power for healing and goodness in television entertainment. Arlie Hochschild, author of *The Time Bind* 2001. Despite the light title this is a serious book about the healing possibilities of television. Provocative and enlightening. Beth Montemurro, Penn State University. Can television be a positive force in society? Can socially conscious entertainment change the world? *Two Aspirins and a Comedy* arrives at surprising and unconventional answers to these questions. Metta Spencer delves deep into the significance and power of entertainment as a means to influence society. She finds current examples of socially constructive television and demonstrates how mass entertainment can better use its power to positively influence society. In a climate where television is often a culprit for society's woes, Spencer casts a redemptive eye on the medium. She asserts that television, like other fictional landscapes, offers invaluable lessons: emotional bonding and catharsis for a modern society whose members are increasingly isolated. *Why England's King James I Derailed the Execution of Dr. Cowell* Harold I. Boucher, 1999

Minnesota Law Review, 2015-05 *Health Reports*, 2012 *Entertainment, Publishing and the Arts Handbook* Karen Tripp, 2007 **Symposium**, 2007 **Law School Survival Manual** Nancy B. Rapoport, Jeffrey D. Van Niel, 2010-05-24 Includes bibliographical references and index. *Library & Information Science Abstracts*, 2006 **The Law Workbook** Scott Beattie, 2010. This book lays the groundwork for you to become a capable legal researcher whether you aim to work as a lawyer in legal policy or in an ancillary legal role. Through active learning exercises and reflective journaling you will not only learn how to research but also be able to understand your own strengths and weaknesses to develop as a legal professional. Reading this book will not automatically transform you into a researcher just as reading a cookbook will not make you into a chef instantly and reading a woodworking manual will not turn you into a carpenter. You learn by doing and this manual is a tool to help you get your hands dirty. This edition, a successor to *Legal and Justice Studies Workbook* has been largely

rewritten from the ground up as a response to the changing nature of research and university learning in the ten years since the first edition. While some of the sub sections remain the same the overall approach has been altered to focus on reflective learning and on the nature of information. We are in an exciting time for researchers as the internet has entirely reshaped the research field and continues to do so. To keep up with these developments we need to ask serious questions about what information is, how we evaluate it, and how we apply it in the construction of research projects.

Chronic Diseases in Canada, 2009 **UC Irvine Law Review**, 2013 **Canadian Who's Who 2003** Elizabeth Lumley, 2003-03. Now in its 93rd year of publication, this standard Canadian reference source contains comprehensive and authoritative biographical information on notable living Canadians. Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada; entries are added each year to keep current with developing trends and issues in Canadian society. Included are outstanding Canadians from all walks of life: politics, media, academia, business, sports, and the arts, from every area of human activity: memberships, creative works, honours, and awards, and full addresses. Of use to researchers, students, media, business, government, and schools, it is a useful source of general knowledge.
