CISA and CISM ExamFOCUS Study Notes and Review Questions 2014 ExamReview,2013-10-20 CISA and CISM are NOT pure technical certs In fact they tend to focus more on the policies programs auditing and management side of IS There are technical questions but the questions are not like those that you can find in the MS Cisco exams CISA topics The Process of Auditing Information Systems Governance and Management of IT Information Systems Acquisition Development and Implementation Information Systems Operations Maintenance and Support Protection of Information Assets CISM topics Information Security Governance Information Security Program Development Information Security Program Management Incident Management and Response You need to know the basics of new IT technologies but you also need to know the older technologies since many old stuff are still at work in the modern business world CISA and CISM are supposed to be different in that one focuses on auditing and another on management HOWEVER they are practically sharing many of the knowledge areas Think about it the IS auditor needs to know management so they can audit IS management On the other hand

management needs to know IS auditing so they can request for and evaluate the various audit options Experience shows that clear cut boundaries between the involved topics can hardly be established Studying on a track by track basis may save you time but the coverage received may not be sufficient for clearing the exam In fact it may be a way better approach for you to go through everything included in this guide as a whole rather than to restrict your focus on the track specific topics when they overlap so much you better play safe When we develop our material we do not classify topics the BOK way We follow our own flow of instructions which we think is more logical for the overall learning process Don t worry it does not hurt to do so as long as you truly comprehend the material To succeed in the exams you need to read as many reference books as possible There is no single book that can cover everything This ExamFOCUS book focuses on the more difficult topics that will likely make a difference in exam results The book is NOT intended to guide you through every single official topic You should therefore use this book together with other reference books for the best possible preparation outcome   *ISC2 CCSP Official Practice Tests* Ben Malisow,2018-01-22 NOTE The exam this book covered ISC 2 Certified Cloud Security Professional was updated by ISC 2 in 2019 For practice for the current exam please look for the latest edition of these practice tests ISC 2 CCSP Certified Cloud Security Professional Official Practice Tests 2nd Edition 9781119603498 With over 1 000 practice questions this book gives you the opportunity to test your level of understanding and gauge your readiness for the Certified Cloud Security Professional CCSP exam long before the big day These questions cover 100% of the CCSP exam domains and include answers with full explanations to help you understand the reasoning and approach for each Logical organization by domain allows you to practice only the areas you need to bring you up to par without wasting precious time on topics you ve already mastered As the only official practice test product for the CCSP exam endorsed by ISC 2 this essential resource is your best bet for gaining a thorough understanding of the topic It also illustrates the relative importance of each domain helping you plan your remaining study time so you can go into the exam fully confident in your knowledge When you re ready two practice exams allow you to simulate the exam day experience and apply your own test taking strategies with domains given in proportion to the real thing The online learning environment and practice exams are the perfect way to prepare and make your progress easy to track   **CCSP Official (ISC)2 Practice Tests** Ben Malisow,2018-01-22 NOTE The exam this book covered ISC 2 Certified Cloud Security Professional was updated by ISC 2 in 2019 For practice for the current exam please look for the latest edition of these practice tests ISC 2 CCSP Certified Cloud Security Professional Official Practice Tests 2nd Edition 9781119603498 With over 1 000 practice questions this book gives you the opportunity to test your level of understanding and gauge your readiness for the Certified Cloud Security Professional CCSP exam long before the big day These questions cover 100% of the CCSP exam domains and include answers with full explanations to help you understand the reasoning and approach for each Logical organization by domain allows you to practice only the areas you need to bring you up to par without wasting precious time on topics you ve already mastered As the only official practice test product for
