Longevity Secrets Framework:

Internet and Distributed Computing Advancements: Theoretical Frameworks and Practical Applications

Abawajy, Jemal H.,Pathan, Mukaddim,Rahman, Mustafizur,Pathan, Al-Sakib Khan,Deris, Mustafa Mat,2012-02-29 This book is a vital compendium of chapters on the latest research within the field of distributed computing capturing trends in the design and development of Internet and distributed computing systems that leverage autonomic principles and techniques Provided by publisher

Healthcare Entrepreneurship and Management

Arnab Chanda,Shubham Gupta,2024-06-28 Post pandemic the world is not the same place There has been an increasing focus on healthcare and well being which has created a once in a lifetime opportunity for healthcare innovations and startups From adoption of a range of medical apps and telemedicine technologies to heightened public interest in smart wearables and medical devices the demand for efficient healthcare delivery has been skyrocketing This book aims to serve as a first of its kind guide for skill development in conception to commercialisation of healthcare products and services It covers the gamut from the study of healthcare challenges such as understanding customer requirements market needs and competition to the various steps of the healthcare product development process such as defining value propositions and specifications the creation of minimum viable product MVP to prototyping and manufacturing The authors also discuss key commercialisation and management strategies including the development of a robust business plan fund raising intellectual property creating barriers to entry and launching healthcare startups Medical product pricing positioning sales and distribution and customer acquisition are also presented with real life examples This book serves as a key reference not only for biomedical engineers who are looking to launch their products or services in the market but also for budding entrepreneurs willing to explore opportunities in the healthcare domain For example engineers and managers working on the development of medical devices require knowledge of ethical guidelines regulations and approvals to effectively launch their products in the medtech industry On the other hand entrepreneurs looking to benefit from the booming healthcare industry will find this book helpful in understanding the fundamentals of medical product development and commercialisation to launch their ideas successfully

Trade Secrets and Intellectual Property William van Caenegem,Luc Desaunettes-Barbero,2025-04-23 Trade secrets law is probably the least harmonized part of IP law Nonetheless there is a growing realization that variable rules concerning trade secrets impact investment decisions multinational businesses and hiring policies Recently this realization has resulted in the introduction of a new Trade Secrets Directive in the EU which has harmonized trade secrets law across the Union Nonetheless agreement about the policy underpinnings theoretical basis and economic impacts of trade secrets law remains elusive around the globe Legal approaches vary fundamentally and application of the law is far from uniform Although there has been a recent trend towards strengthening trade secrets protection both in civil and criminal law as it tends to militate against labour mobility freedom to imitate and open circulation of what needs to be known to compete there are many who support a more nuanced

approach that emphasizes the benefits of unrestricted information flows for competitive markets. Opting for a comparative and critical approach, this book proposes a nuanced analysis of the competing theories that underlie trade secrets law, its theoretical justifications, and the varied doctrinal approaches found around the globe: the law in the US, the UK, France, and Germany, and the new EU Trade Secrets Directive, statute laws, international instruments, recent court decisions, and works of notable scholars in the field. Topics such as the competition for control over knowledge between employees and employers, the growth of industrial espionage, country rivalry, and third party liability, the extent and precise parameters of criminal liability, and the policy implications of excessive restrictions on the transfer of employee knowledge and know-how. This book provides a clear understanding of this multifaceted area of law, which is often a fallback or last resort when commercial dealings and relationships go wrong. The authors' analysis of the underlying policy goals and theoretical dimension of the legal status of trade secrets, including choices in relation to the application of criminal law and concepts of property, will prove of enormous value to academics, policymakers, and corporate counsel.

Handbook of Research on Family Business Panikkos Poutziouris, Kosmas Smyrniotis, Sanjay Goel, 2013-01-01. This is a very business-like book in its approach. It has an impressive global reach in its authorship, focal areas, and use of evidence; it hits all the major practical challenges of family firms in a spirit that is fresh and current, and it deals with the cutting-edge themes and issues that are uppermost in the minds of owners, executives, advisors, and researchers in the field. Nigel Nicholson, London Business School, author of *Managing the Human Animal*, *Family Wars*, and *The I of Leadership*, acclaims for the first edition. The authors have taken a lot of pain in putting this handbook together. As the name indicates, this is an excellent handbook for researchers. *Global Business Review*. The *Handbook of Research on Family Business* has collected and synthesized a broad variety of topics by notable researchers who share a common dedication to family business research. This Handbook provides a comprehensive treatment that advances the frontiers of knowledge in family business, provoking valuable thoughts and discussion. The Handbook will serve as both an authoritative and comprehensive reference work for researchers investigating family enterprises. A Bakr Ibrahim, Concordia University, Montreal, Canada. Although family business research is a young discipline, it is both necessary and important. For the wellbeing and future development of our society, the survival of prosperous and passionate family business entrepreneurs is indispensable. In order to help the families in business to better understand how to succeed with their enterprises, we need qualified and updated research. This book is the answer. Hans Jacob Bonnier, Bonnier Business Press, Group, Sweden, and 6th Generation Chairman of the Family Business Network International. This Handbook is a unique compilation of the most important and the best recent family business research. The field has grown so rapidly that this effort will be a mark for the research to follow. The *Handbook of Research on Family Business* will be the reference for scholars in family business for many years to come. It will also stimulate new ideas in research. John L. Ward, IMD, Switzerland, and Northwestern University, US. During the previous decade, the multi-disciplinary field of family business has advanced

significantly in terms of advances in theory development of sophisticated empirical instruments systematic measurement of family business activity use of alternative research methodologies and deployment of robust tools of analysis This second edition of the Handbook of Research on Family Business presents important research and conceptual developments across a broad range of topics The contributors notable researchers in the field explore the frontiers of knowledge in family business entrepreneurship and stimulate critical thinking enriching the repository of theoretical frameworks and methodologies The Handbook takes a systematic and rigorous approach by providing in depth insights into the dynamics of family business its context and the significant role of stakeholders Ultimately this scholarly compendium of extant family business papers is an invaluable resource for researchers educators family business consultants family business owner managers and students
