Valley of Tears Jamestown

Jamestown is a very important part of the history of the United States. It was the first permanent English settlement in North America. The first settlers arrived in 1607 and experienced a very difficult time. The first winter was so bad that many of the settlers died. This is why it is called the Valley of Tears.

Jamestown was originally settled in 1607 by a group of 100 English men, women, and children. They were sent to the Virginia Colony by the English government. The settlers were to establish a permanent settlement. However, the first winter was very difficult. Many of the settlers died because of lack of food and shelter. The settlers were also attacked by the Native Americans.

To save the colony, the settlers elected a leader who helped them survive. The leader was John Smith. He was a very strong and brave man. He helped the settlers build a strong settlement. He also helped them learn how to grow crops and hunt. Because of John Smith, the colony survived and grew into a successful settlement.

English Colonization

In the 16th century, England was competing to find new land and trade routes. England wanted land just like the Dutch, the French, and the Spanish. The English were looking for a way to establish a permanent settlement in North America. England's first attempt was in 1585 when a group of 100 men sailed to Roanoke. However, the settlement failed because the men did not have enough food and shelter. The men were also attacked by the Native Americans.

Queen Elizabeth of England was the first to establish a permanent English settlement in North America. In 1607, a group of 100 men sailed to Jamestown. The men were sent by the English government. The settlers were to establish a permanent settlement. However, the first winter was very difficult. Many of the settlers died because of lack of food and shelter.
