Choices Changes Choices Changes:

Choices Change Your Destiny! Ben Pollice, 2006-08-01 Every day of your life you will be busy making choices and some will affect you for the rest of your life Tragically some will also impact others throughout their lives as well The sum of a lifetime of making personal choices will determine the kind of life and the quality of life that you will have literally chosen to live Your choices will determine if your life will be like you're driving down a smooth easy to travel wide open freeway Or if your life will take you down a Road from Hell filled with devastating potholes and dangerous off the main road detours Weighing the consequences of Choice A over Choice B before you make your decision is a whole new way of thinking for most young people Because every choice has consequences The alternative is running the risk of having to endure the bad consequences of impulsive choices for a long long time Make this new way of thinking your Blueprint for Success in Life Choices Change Destiny Rick Caudill, 2016-06-02 Many of us struggle to learn who we are and find our purpose despite life's many obstacles For author Rick Caudill the struggle began early with a childhood in poverty raised by abusive alcoholic parents When his parents abandon him and his seven year old brother he is determined to improve their lives and build a life for himself He joins the US Medical Service Corps and later becomes a highly successful oral and maxillofacial surgeon with a blind and deaf daughter flourishing in her education But the human condition is fragile Suffering from an infectious disease he contracts from a patient and already diagnosed with mental illnesses Caudill begins to self-medicate his depression with alcohol and illicit drugs Derailed by mental illness substance abuse and addiction he loses everything he worked for including his freedom and his family In this heroically candid memoir Caudill takes responsibility for his poor decisions details the plight of having a brain chemical imbalance while navigating the bureaucracy of prison reveals injustices within the Pima County Criminal Justice System and the Arizona Medical Society and explains the healing power of surrendering one's life to Jesus Christ and embracing His redemptive power Choices Change Destiny details the rise fall and resurrection of a man who undergoes some of life's hardest trials and tribulations but comes out on the other side a better and fully recovered person Ultimately it is a story of hope that will resonate with readers of any background *The Last Bus - A Story of Choices, Change and Courage* Fedrick Sanjay Katta , In Indian families every major decision is a committee meeting disguised as casual conversation Should Ravi take that job in Bangalore But Beta what about marriage prospects there Should he invest in his friend's startup These modern businesses come and go Government jobs are forever Should he move out of the family home Why pay for rent when you already have a room here For thirty five years Ravi Sharma had lived in a maze of family advice cultural expectations and his own fear of choosing His endless analysis of every decision cost him the opportunity He had become India's most educated bus misser But this story isn't just about the peculiar pressure of making individual choices in a culture built around collective decision making It highlights something everyone faces that moment when you realise waiting for everything to be just right is fear dressed up as reason armed with excuses that sound convincing The real

peril isn't simply picking a flawed path but allowing fear to immobilise us and condemn us to inaction Your bus is boarding
 The question isn't whether you're ready The question is whether you'll let another opportunity disappear into the night while
 you stand on the platform analysing the seating chart Instructor's Guide for Choices, Challenges, Changes, and More
