to show the systematic intrusion of sexist racist capitalist colonialist and or professional interests into the very content of science In this hard hitting collection of essays contributors offer crisp and detailed critiques of case studies offered by the cultural critics as evidence that scientific results tell us more about social context than they do about the natural world Pulling no punches they identify numerous crude factual blunders e g that Newton never performed any experiments and egregious errors of omission such as the attempt to explain the slow development of fluid dynamics solely in terms of gender bias Where there are positive aspects of a flawed account or something to be learned from it they do not hesitate to say so Their target is shoddy scholarship Comprising new essays by distinguished scholars of history philosophy and science this book raises a lively debate to a new level of seriousness     General Catalogue of the Books Except Fiction, French, and German, in the Public Library of Detroit, Mich Detroit Public Library,1889     **Finding List of the Free Library of the General Society of Mechanics and Tradesmen of the City of New York** General Society of Mechanics and Tradesmen of the City of New York.
