Music and Politics in San Francisco Leta E. Miller,2011-10-04 This lively history immerses the reader in San Francisco s musical life during the first half of the twentieth century showing how a fractious community overcame virulent partisanship to establish cultural monuments such as the San Francisco Symphony 1911 and Opera 1923 Leta E Miller draws on primary source material and first hand knowledge of the music to argue that a utopian vision counterbalanced partisan interests and inspired cultural endeavors including the San Francisco Conservatory two world fairs and America s first municipally owned opera house Miller demonstrates that rampant racism initially directed against Chinese laborers and their music reappeared during the 1930s in the guise of labor unrest as WPA music activities exploded in vicious battles between administrators and artists and African American and white jazz musicians competed for jobs in nightclubs

highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books
in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing
