## Children Bedtime Story Spotlight:

**The Spotlight** ,1938    **The Young Child's Memory for Words** Daniel R. Meier,2004-03-20 Provides guidelines for teachers on literacy development in young children    **Horrifying Children** Lauren Stephenson,Robert Edgar,John Marland,2024-03-07 *Horrifying Children* examines weird and eerie children's television and literature via critical analysis memoir and autoethnography There has been an explosion of interest in the impact of children's television and literature of the late twentieth century In particular the 1970s 80s and 90s are seen as decades that shaped a great deal of the contemporary cultural landscape Television of this period dominated the world of childhood entertainment drawing freely upon literature and popular culture like the Garbage Pail Kids and Stranger Things and much of it continues to resonate powerfully with the generation of cultural producers fiction writers screenwriters directors musicians and artists that grew up watching the weird the eerie and the horrific the essence of 21st century Hauntology In these terms this book is not about children's television as it exists now but rather as it features as a facet of memory in the 21st century As such it is the legacy of these television programmes that is at the core of *Horrifying Children* The haunting of adults by what we have seen on the screen is crucial to the study This collection directly addresses that which scared us in the past insomuch as there is a correlation between individual and collective cultural memory with some chapters providing an opportunity for situating existing explorations and understandings of Gothic and Horror TV within a hauntological and experiential framework

**Nurturing Your Child's Math and Literacy in Pre-K-Fifth Grade** Mary Mueller,Alisa Hindin,2016-11-23 With recent changes in the curriculum and standards in language arts and mathematics parents often are challenged to find ways to help their children be successful in their learning endeavors While parents want to be involved in their children's education they are often unsure of their role in their children's learning and the best ways to help their children to succeed academically Moreover with the changes in how math and literacy are being taught parents often struggle with helping even first grade children with their homework In this book we set out to alleviate this struggle by offering parents a resource they can use to navigate their child's education communicate with teachers and support their children in learning mathematics and literacy After providing an overview of the current educational climate and tips for communication with teachers we share strategies and suggestions parents can use to assist their children in language arts and mathematics We provide detailed descriptions of activities games books and conversations that connect with what children will be learning at each grade level
