**Cuba the Pearl of the Antilles (Classic Reprint)** Ramón Bustamante, 2017-12-19 Excerpt from Cuba the Pearl of the Antilles Undoubtedly the reader is familiar with the fact that there exists a surprisingly large number of books on the subject of foreign trade which devote three fourths of their space to use less generalities and the giving of advice on the subject of such a character as the business man who uses sound judgment does not need and which for anyone not gifted with common sense is useless Time and again the author has seen books on the subject of 500 to 800 pages which give no more of basic fundamental necessary information than could have been rendered in one third of the same space Realizing the importance of saving to the business man time and brain power by not wasting his time and energy by a lot of useless data and generalities the author has prepared the present volume on Cuba its trade and how to cater to and secure it with the aim in view not of how much useless information the book furnishes but rather how much useless information is cut out It is unnecessary to dwell upon the importance of Cuban trade and upon the many factors favoring the conquest of that trade by the United States These facts are too well known to the progressive business man to be worthy of repetition About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The Pearl of the Antilles Frederic M. Noa, 2017-10-11 Excerpt from The Pearl of the Antilles A View of the Past and a Glance at the Future First what are the causes which for the last thirty years have kept Cuba more or less in a turmoil of revolt and anarchy About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **THE PEARL OF THE ANTILLES** A.
