Bustamante, Jennifer L. Lambe, 2019-02-14 What does the Cuban Revolution look like from within This volume proposes that scholars and observers of Cuba have too long looked elsewhere from the United States to the Soviet Union to write the island's post 1959 history Drawing on previously unexamined archives the contributors explore the dynamics of sociopolitical inclusion and exclusion during the Revolution's first two decades They foreground the experiences of Cubans of all walks of life from ordinary citizens and bureaucrats to artists and political leaders in their interactions with and contributions to the emerging revolutionary state In essays on agrarian reform the environment dance fashion and more contributors enrich our understanding of the period beginning with the utopic mobilizations of the early 1960s and ending with the 1980 Mariel boatlift In so doing they offer new perspectives on the Revolution that are fundamentally driven by developments on the

island Bringing together new historical research with comparative and methodological reflections on the challenges of writing about the Revolution The Revolution from Within highlights the political stakes attached to Cuban history after 1959 Contributors Michael J Bustamante Mar a A Cabrera Ar s Mar a del Pilar D az Casta n Ada Ferrer Alejandro de la Fuente Reinaldo Funes Monzote Lillian Guerra Jennifer L Lambe Jorge Macle Cruz Christabelle Peters Rafael Rojas Elizabeth

Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field We Are Cuba! Helen Yaffe,2020-04-06 The

extraordinary account of the Cuban people's struggle for survival in a post Soviet world. In the aftermath of the fall of the Soviet Union Cuba faced the start of a crisis that decimated its economy. Helen Yaffe examines the astonishing developments that took place during and beyond this period. Drawing on archival research and interviews with Cuban leaders, thinkers and activists, this book tells for the first time the remarkable story of how Cuba survived while the rest of the Soviet bloc crumbled. Yaffe shows how Cuba has been gradually introducing select market reforms. While the government claims that these are necessary to sustain its socialist system, many others believe they herald a return to capitalism. Examining key domestic initiatives including the creation of one of the world's leading biotechnological industries, its energy revolution and medical internationalism alongside recent economic reforms, Yaffe shows why the revolution will continue post Castro. This is a fresh, compelling account of Cuba's socialist revolution and the challenges it faces today.

**Essays on Cuban History** Louis A. Pérez, Louis A. Pérez, Jr., 1995 A book of immense utility to those who are or plan to become students and scholars of Cuban history and society. Both an overview and a handbook combined into one accessible, well-written volume.

Rebecca J. Scott University of Michigan Reflecting three decades of study of one of the most respected scholars of Cuba in the United States, these essays examine some of the central issues of historical research of nineteenth and twentieth century Cuba. The first section sets in relief many of the principal themes of Cuban studies, including Protestant missionary activity, the U.S. interventions in 1898, Cuban emigration to the United States, and the development of the Cuban armed forces after 1959. The second section examines the historical literature itself, especially works written in Cuba and the United States in the last thirty-five years. It looks at the trends in the literature with emphasis on the ways that historical writing has arrived at an understanding of the Cuban past. The third section offers a guide to some of the larger research collections, specifically those repositories of important manuscript collections and archival records relating to Cuba. It includes a description of the Cuban National Archives, missionary manuscript collections, and records of the U.S. government.
