Psychology of Entertainment Jennings Bryant, Peter Vorderer, 2013-10-31 As entertainment becomes a trillion dollar a year industry worldwide as our modern era increasingly lives up to its label of the entertainment age and as economists begin to recognize that entertainment has become the driving force of the new world economy it is safe to say that scholars are beginning to take entertainment seriously. The scholarly spin on entertainment has been manifested in traditional ways as well as innovative ones. Representing the current state of theory and research Psychology of Entertainment promises to be the most comprehensive and up to date volume on entertainment. It serves to define the new area of study and provides a theoretical spin for future work in the area. Divided into three basic parts this book addresses the fundamental mechanisms and processes involved in orienting to and selecting entertainment fare as well as receiving and processing it. It explores the mechanisms and processes by which we are entertained by the media messages we select and receive and provides an opportunity for the application of well established as well as emerging psychological and psychobiological theories to be applied to the study of entertainment in ways that seldom have been utilized previously. Psychology of Entertainment will appeal to scholars, researchers and graduate students in media studies and mass communication, psychology, marketing and other areas contributing to the entertainment studies area.

Embodied Visions Torben Grodal, 2009-03-17 Embodied Visions presents a groundbreaking analysis of film through the lens of bioculturalism, revealing how human biology as well as human culture determine how films are made and experienced. Throughout his study Torben Grodal uses the breakthroughs of modern brain science to explain central features

of film aesthetics and to construct a general model of aesthetic experience what he terms the PECMA flow model that demonstrates the movement of information and emotions in the brain when viewing film Examining a wide array of genres animation romance pornography fantasy horror from evolutionary and psychological frameworks Grodal expands his scope to reflect on social issues at the intersection of film theory and neuropsychology including moral problems in film viewing how we experience realism and character identification and the value of the subjective forms that cinema elaborates Embodied Visions broadens the theoretical framework of cognitive approaches to cinema while contributing toward a growing body of work on the relation between biology and culture

[1953-1966](#) Francesco Cesari, Roberto Curti, 2024-06-06 With more than 180 films during a career spanning several decades Jesus Franco 1930 2013 was an extraordinarily prolific and chameleon like Spanish director covering virtually every genre from horror to film noir adventure and erotic and adapting to all kinds of productions A one of a kind filmmaker he was boldly original in the themes style and in his idea of cinema This book examines his life and career between his first short film to the moment he cut his ties with his home country and became an international director with a detailed production history and critical analysis of his films placing his work within the social and political context of Spanish culture politics and cinema Franco's most critically praised works are covered namely such cult horror classics as *The Awful Dr Orlof* and *The Diabolical Dr Z* as well as his working relationship with Orson Welles whom he was to direct in a 1964 unfinished adaptation of *Treasure Island* Detailed production history and critical analysis of his films are provided placing his work within the context of Spanish culture politics and film industry The book also includes plenty of never before seen bits of information and in depth discussion of Franco's previously uncovered scripts essays and short films as well as his unmade projects of the period

[Entertainment Media and Communication](#) Nicholas David Bowman, 2024-10-21 Although not considered a formal area of study scholarship on the uses content and effects of entertaining media has been central to communication studies and related fields for more than a century The serious study of entertainment seems paradoxical as we presume entertainment to be the lighter side of our daily lives Yet as revealed in this volume entertainment media serve as cultural artifacts that shape our understandings of various peoples and publics in ways that invite deeper immersive and increasingly interactive

engagement On this backdrop Entertainment Media and Communication serves as a reference guide for canonical and foundational research into media entertainment and a collection of emerging and updated theories and models core to the study of media entertainment in the 21st century Across more than forty chapters and with a diverse and inclusive list of authors this volume provides a broad yet nuanced view into entertainment media and communication scholarship The contributors explore its foundations define and extend key concepts and theories through myriad lenses discuss unique considerations of digital media and divine future paths for scholarly inquiry **The Publishers' Trade List Annual** ,1980
