Silicon Valley in the 2030s is not so different from today, filled with vaguely sexist CEOs, contested inequality politics and startups that are almost a joke. After she loses her job when her startup folds and loses her home to California's annual wildfires, Sara joins the latest thing: an unnamed tech giant's quasi-utopian community floating above the drowned land that was once Monterey. Alone on the inside with a thousand mysteriously chosen strangers, Sara is insulated by an all-powerful corporation from the turmoil of crumbling governments and a changing climate. Everyone around her seems incredibly thankful, rescued from gig work and student loans and bad news, but she can't find her own gratitude. As she learns more about her new home, she begins to see the cracks in its perfect facade. She must choose between surveillance and lies from the anonymous algorithms that protect her or face a vulnerable life outside the system to which she has signed away her next five years. Leaving she learns may not even be an option.

### **The Nowhere Bible**

Frauke Uhlenbruch,2015-03-10 The Bible contains passages that allow both scholars and believers to project their hopes and fears onto ever changing empirical realities By reading specific biblical passages as utopia and dystopia this volume raises questions about reconstructing the past the impact of wishful imagination on reality and the hermeneutic implications of dealing with utopia good place yet no place as a method and a concept in biblical studies A believer like William Bradford might approach a biblical passage as utopia by reading it as instructions for bringing about a significantly changed society in reality even at the cost of becoming an oppressor A contemporary biblical scholar might approach the same passage with the ambition of locating the historical reality behind it finding the places it describes on a map or arriving at a conclusion about the social reality experienced by a historical community of redactors These utopian goals are projected onto a utopian text This volume advocates an honest hermeneutical approach to the question of how reliably a past reality can be reconstructed from a biblical passage and it aims to provide an example of disclosing not obscuring pre suppositions brought to the text
