from a Action Adventure Author like him and then there s the added advantage of finally figuring out a niche for my book So now instead of calling it a Young Adult Space Opera I ll be calling it The book that resembles Star Wars or maybe A young adult Dystopian space opera Q Why should readers give these books a try A Well I d say if someone wanted a quick easy read with action packed adventures this is the novel for them Most people love space exploration adventures and this one combines them with another amazing story tool magic So if you want to know what would happen if magic existed in a high tech space world this is the book for you Q How many books are in the Quest Saga A I ve planned this out to be a series of five books So far there are three stories and I m actively writing the next two in the series ConQuest Get it for free <http://www.amazon.com/dp/B00HV4Y3VK> ZeQuest A Quest Saga Novella Save 70% and buy it NOW <http://www.amazon.com/dp/B015T56UBS> AcQuest Available for pre order <http://www.amazon.com/dp/B015RYI2NU> Categories Young Adult Science Fiction Action Adventure Novel Series Young Adult Fantasy Action Adventure Novel Series Young Adult Novella Science Fiction Adventure Novella Space Opera Trilogy Space Opera Science Fiction Novels Space Opera Technothriller **Space Opera** Catherynne M. The Five Hundred, the elite families who rule the Terran Federation, control its political power and its wealth, and they've grown steadily wealthier and more powerful thanks to the war against the Terran League. War may be hard on the people who get caught in its path, but it's very good for business in the short term, and the Five Hundred own the shipyards that build the Navy's ships. They own virtually all the industry that produces the weapons and materiel the war consumes so voraciously, and they've made damn sure someone else does the dying. True, there are a few flies in the Five Hundred's ointment. There's the growing hatred and resentment of the Fringe Worlds whose children do eighty percent of the dying in the Five Hundred's war. But the Five Hundred have made sure the Fringe knows what will happen to any system that goes out of compliance. There are the lunatic conspiracy nuts who insist that the alien Rishathan Sphere is secretly aiding the League's military, but the Five Hundred have forced them to keep their mouths shut where it matters. And then there's Terrence Murphy, a man of honor who loves the Federation who springs from the Five Hundred yet knows it for what it is and is determined to speak for its victims. But the five hundred have dispatched ample force to deal with him and his handful of lunatic followers. Unfortunately, the Fringe has paid enough of its children's lives, and it no longer cares what may happen if it dares to defy the Five Hundred. Worse, the lunatic conspiracy nuts were right, and the Rish have planned carefully for the Federation's destruction. And worst of all, the Five Hundred have fatally underestimated Terrence Murphy. At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for *Governor*: The authors pack the story with both the specs of far-future fighting machines and the hypercompetent duty-driven warriors who crew them. Echoes of Robert Heinlein: lots of exploding temporal spaceships and bodies. Action-packed. Booklist: a fun and thrilling standalone from Weber and Holo. Time travel enthusiasts will enjoy the moral dilemmas, nonstop action, and crisp writing. Praise for *David Weber*: a balanced mix of interstellar intrigue, counterespionage, and epic fleet action with all the hard and software details and tactical proficiency that Weber delivers like no one else, along with a large cast of well-developed, believable characters giving each clash of fleets emotional weight.
