YouTube 101: The Ultimate Guide to Start a Successful YouTube channel Vikrant Mane, *Just Read It* Jarred Amato, 2024-02-01 **Read widely and read often** Create a classroom environment where independent reading thrives. Independent reading is more than just drop everything and read; it is a gateway to writing, critical thinking, discussion, and deeper learning. Author Jarred Amato, an accomplished middle and high school English teacher and founder of Project LIT Community, believes in the power of independent reading not only to turn around the reading attitudes of students but also to help them achieve huge gains in all areas of literacy learning and civic engagement. Many teachers have pushed aside independent reading in the time crunch to teach all the content and skills in the curriculum or because of pressure to stay true to a traditional literary canon. Instead of looking at it as either/or, *Just Read It* shows teachers how to make independent reading yes and Dr. Amato's Read and WRAP write, reflect, analyze, participate framework helps teachers cultivate meaningful learning experiences with daily dedication of independent reading time followed by writing, reflection, conversation, and community building lessons and activities. With thoughtful student-centered structures and strategies to sustain independent reading success, this book provides detailed insights on transforming the principles of access, choice, time, and community into actions. Shows how to support student interests and varied reading levels. Offers ready-to-go activities to initiate Read and WRAP routines at the start of the school year, keep momentum going, and finish the year strong to ensure continued literacy growth. Demonstrates how to leverage student feedback to fine tune the Read and WRAP routines. Discusses various options for incorporating independent and whole class novels into the curriculum. Offers a game plan to level up IR, including how to launch and lead a Project LIT chapter. We live in a time when choosing what we read is critically important and this book offers all the tools teachers need to guide students along the path to true literacy. **Social Media for School Leaders** Brian Dixon, 2012-08-27 **How to create an effective social media strategy for a school or district** School leaders may be familiar with social media in their own lives but many still need help in effectively using social media in their professional practice. Creative Control Michael L. Siciliano,2021-03-02 Workers in cultural industries often say that the best part of their job is the opportunity for creativity At the same time profit minded managers at both traditional firms and digital platforms exhort workers to be creative Even as cultural fields hold out the prospect of meaningful employment they are marked by heightened economic precarity What does it mean to be creative under contemporary capitalism And how does the ideology of creativity explain workers commitment to precarious jobs Michael L Siciliano draws on nearly two years of ethnographic research as a participant observer in a Los Angeles music studio and a multichannel YouTube network to explore the contradictions of creative work He details how such workplaces feature engaging dynamic processes that enlist workers in organizational projects and secure their affective investment in ideas of creativity and innovation Siciliano argues that performing creative labor entails a profound ambivalence workers experience excitement and aesthetic engagement alongside precarity and alienation Through close comparative analysis he presents a theory of creative labor that accounts for the roles of embodiment power alienation and technology in the contemporary workplace Combining vivid ethnographic detail and keen sociological insight Creative Control explains why cool jobs help us understand how workers can participate in their own exploitation
