Social Buzz Picture Book Toddlers:

Crossing Boundaries with Children's Books Doris Gebel, United States Board on Books for Young People, 2006-05-25 This annotated bibliography organized geographically by world region and country describing nearly 700 books representing 73 countries is a valuable resource for librarians teachers and anyone else seeking to promote international understanding through children's literature. It is the third volume sponsored by the United States Board on Books for Young People. The first Carl M Tomlinson's *Children's Books from Other Countries* 1998 is a compendium of international children's literature with annotations of both in and out of print books published between 1950 and 1996. Susan Stan's *The World Through Children's Books* 2002 was the second and it included books published between the years 1997 and 2000. *Crossing Boundaries* includes international children's books published between 2000 and 2004 as well as selected American books set in countries other than the United States. Editor Doris Gebel has compiled an important tool for providing stories that will help children understand our differences while simultaneously demonstrating our common humanity.

[Children's Literature and Culture](#) Rebecca Rowe, 2025-08-08 Children's Literature and Culture An Introduction guides readers in the study of culture in and through children's literature. Children's literature has long been used as a mechanism by which a culture passes its values from one generation to the next. Because of this culturally didactic purpose, children's literature can be viewed as one of the most fruitful areas of study of any given culture. At the same time, studying the cultures from which works of children's literature emerge and in which they circulate can also help better understand not

only the ideas of childhood that underpin individual texts for children but the role they play in the construction and transmission of different cultural ideologies This book teaches readers this double work of using culture to understand children s literature and vice versa This volume traces the scholarly methodologies and histories that have attended the study of each of the 20 chapters given subject from the representation of race in and around children s literature to questions of censorship to how libraries can and do shape children s literature In the process it prepares readers to confidently enter and forward scholarly debates and to teach such debates to their own students
