**Production in and on Africa** Hana Horáková, Katerina Werkman, 2016 The book presents a broad and multi dimensional perspective on the topic of knowledge production in and of Africa and seeks changing its post imperial pattern This endeavour reflects the concern that in our globalised world Africa is misrepresented twice by the ways knowledge about it is selected by gatekeepers of knowledge and by deliberate suppression of knowledge on Africa The contributions to this volume address diverse aspects of knowledge production they examine the existing knowledge producing frontiers in Africa they challenge methodological and theoretical universalisms in social science scholarship on the African continent they look into the interface between the indigenous and modern knowledge systems and the role of African epistemologies and intellectuals in the production of knowledge      *The Pandemic Perhaps* Carlo Caduff, 2015-08-11 In 2005 American experts sent out urgent warnings throughout the country a devastating flu pandemic was fast approaching Influenza was a serious disease not a seasonal nuisance it could kill millions of people If urgent steps were not taken immediately the pandemic could shut down the economy and trigger a reaction that will change the world overnight The Pandemic Perhaps explores how American experts framed a catastrophe that never occurred The urgent threat that was presented to the public produced a profound sense of insecurity prompting a systematic effort to prepare the population for the coming plague But when that plague did not arrive the race to avert it carried on Paradoxically it was the absence of disease that made preparedness a permanent project The Pandemic Perhaps tells the story of what happened when nothing really happened Drawing on fieldwork among

scientists and public health professionals in New York City the book is an investigation of how actors and institutions produced a scene of extreme expectation through the circulation of dramatic plague visions It argues that experts deployed these visions to draw attention to the possibility of a pandemic frame the disease as a catastrophic event and make it meaningful to the nation Today when we talk about pandemic influenza we must always say perhaps What then does it mean to engage a disease in the modality of the maybe **International Index to Periodicals** ,1952 American Journal of Public Health and the Nation's Health ,1929 Includes section Books and reports **U.S. News & World Report** ,2006
