**Jesus and the Stigmatized** Elia Shabani

Mligo, 2011-08-01 Biblical scholars often read the Bible with their own interpretive interests in mind without associating the Bible with the concerns of laypeople. This largely undermines the contributions laypeople can offer from reading the Bible in their own contexts and from their own life experiences. Moreover such exclusively scholarly reading conceals the role of biblical texts in dealing with current social problems such as HIV AIDS related stigmatization. Hence the lack of lay participation in the process of Bible reading makes the Bible less visible in various common life situations. In this volume Elia Shabani Mligo draws on his fieldwork among people living with HIV AIDS PLWHA in Tanzania selects stigmatization as his perspective and chooses participant centered contextual Bible study as his method to argue that the reading of texts from the Gospel of John by PLWHA given their lived experiences of stigmatization empowers them to reject stigmatization as unjust. Mligo's study shows that Christian PLWHA reject stigmatization because it does not comply with the attitude of Jesus toward stigmatized groups in his own time. The theology emerging from the readings by stigmatized PLWHA through their evaluation of Jesus attitudes and acts toward stigmatized people in the texts challenges churches in their obligatory mission as disciples of Jesus. Churches are challenged to reconsider healing, hospitality and caring prophetic voices against stigmatization and the way they teach about HIV and AIDS in relation to sexuality. Churches must revisit their practices toward stigmatized groups and listen to their voices. Mligo argues that participant centered Bible study methods similar to the one used in this book whereby stigmatized people are the primary interlocutors in the process can be useful tools in listening to the voices of stigmatized groups.

**Transforming Congregations through Community** Boyung Lee, 2013-11-11 In this helpful book Boyung Lee offers an encouraging vision of the mainline church's future. Lee grapples with some of the greatest challenges facing the mainline church offering compelling responses to recurring questions. What does faithfulness to the gospel look like in this changing world? What is our distinctive voice in the larger society? How does theological education have to change if it is to serve the needs of a new century? Lee argues that the church's future is a promising one if the church can offer a richer and deeper definition of community one that moves beyond the excessive individualism of western culture and that helps mainline Christians understand their solidarity with one another and with all of God's people. Lee further explores the crucial role of faith formation at the congregational and seminary levels. More than mere schooling, theological education must engage all aspects of educators and students' lives to prepare seminarians for the challenges that lie ahead. While not dismissing the mainline church's challenges, Lee offers congregational leaders and seminary educators a vision of a church transformed for the 21st century.

Bisagno,2011 A significant revision expansion of John Bisagno's popular practical guidebook for pastors Letters to Timothy with dozens of new entries for a total of 160 chapters Foreword by Rick Warren **Kincraft** Todne Thomas,2021-02-22 In Kincraft Todne Thomas explores the internal dynamics of community life among black evangelicals who are often overshadowed by white evangelicals and the common equation of the Black Church with an Afro Protestant mainline Drawing on fieldwork in an Afro Caribbean and African American church association in Atlanta Thomas locates black evangelicals at the center of their own religious story presenting their determined spiritual relatedness as a form of insurgency She outlines how church members cocreate themselves as spiritual kin through what she calls kincraft the construction of one another as brothers and sisters in Christ Kincraft which Thomas traces back to the diasporic histories and migration experiences of church members reflects black evangelicals understanding of Christian familial connection as transcending racial ethnic and denominational boundaries in ways that go beyond the patriarchal nuclear family Church members also use their spiritual relationships to navigate racial and ethnic discrimination within the majority white evangelical movement By charting kincraft's functions and significance Thomas demonstrates the ways in which black evangelical social life is more varied and multidimensional than standard narratives of evangelicalism would otherwise suggest
