Community Youth Development Programs Policies And Practices:

Community Youth Development ,2003 Focusing on positive approaches to youth development that are rapidly supplanting the traditional deficit oriented problem reduction approach this volume asks what it takes to create a community that will promote the positive opportunities that can optimize the development of all young people

Community Youth Development Francisco Villarruel,2003-01-23 This edited text focuses on positive approaches to youth development that are rapidly supplanting the traditional deficit oriented problem reduction approach The book addresses the question what does it take to create a community that will promote the positive opportunities that can optimize the development of all young people The book draws together the perspectives of top names and programs in positive youth development thus assuring readers of authoritative cutting edge coverage

Youth-Led Community Organizing Melvin Delgado,Lee Staples,2008 Youth led organizing is increasingly receiving attention from scholars activists and the media Delgado and Staples have produced the first comprehensive study of this dynamic field Their well organized book takes an important step toward bridging the gap between academic knowledge and community practice in this growing area

Handbook of Career Development Gideon Arulmani,Anuradha J. Bakshi, Frederick T. L. Leong,A. G. Watts,2014-02-08 This book is focused on work occupation and career development themes that are fundamental to a wide range of human activities and relevant across all cultures Yet theorizing and model building about this most ubiquitous of human activities from international perspectives have not been vigorous An examination of the literature pertaining to career development counseling and guidance that has developed over the last fifty years reveals theorizing and model building have been largely dominated by Western epistemologies some of the largest workforces in the world are in the developing world Career guidance is rapidly emerging as a strongly felt need in these contexts If more relevant models are to be developed frameworks from other cultures and economies must be recognized as providing constructs that would offer a deeper understanding of career development This does not mean that existing ideas are to be discarded Instead an integrative approach that blends universal principles with particular needs could offer a framework for theorizing research and practice that has wider relevance The central objective of this handbook is to draw the wisdom and experiences of different cultures together to consider both universal and specific principles for career guidance and counseling that are socially and economically relevant to contemporary challenges and issues This book is focused on extending existing concepts to broader contexts as well as introducing new concepts relevant to the discipline of career guidance and counseling

Youth Participation and Community Change Barry Checkoway,2012-11-12 Empowered youth CAN and DO make a difference Young people become empowered by their participation in the institutions and decisions that affect their liveswhich in turn can lead to real positive change in the community Youth Participation and Community Change presents leading authorities providing the latest research and effective approaches on how young people can be drawn to participate in organizations and communities The

diverse perspectives discuss youth participation in today's society the models and methods of its practice the roles of youth and adults and the future of youth participation and community in a diverse democracy Approaches include those which promote participatory community based research and evaluation and involve youth groups in poor and racially segregated areas The mainstream view of much of today's youth is that of being victims of society rather than a being a possible positive influence on society as a whole Youth Participation and Community Change seeks to shift the viewpoint from youth as being problems to empowering them to enact positive social change The book explores community agency efforts to involve young people and the process by which youth civic engagement promotes empowerment Social work and public health approaches are examined with cogent discussions on conceptual and theoretical issues Empirically based case studies illustrate best practices and interdisciplinary work that draws upon psychology sociology social work public health education and related academic disciplines and professional fields Topics in Youth Participation and Community Change include key dimensions of critical youth empowerment a case study of youth leadership development in Hawaii the Sariling Gawa Youth Council the Lexington Youth Leadership Academy a leadership development and community change program a new model for youth civic engagement in Hampton Virginia three projects that engage urban youth in community change through participatory research youth engagement strategies and the benefits of youth participation in health research ten projects which used photovoice to represent advocate and enhance community health a participatory action research process with youth in Bosnia and Herzegovina the Growing Up in Cities project of UNESCO training students as facilitators for the Youth Empowerment Strategies YES project four characteristics of engagement in the research literature and a school community university project differences in developmental outcomes among youth organizing identity support and traditional youth development agencies Youth Participation and Community Change is thought provoking enlightening reading that is perfect for organizers planners policymakers advocates youth service workers agency administrators educators students and professionals in psychology sociology social work urban planning public policy and public health

Approaches to Positive Youth Development Rainer K Silbereisen, Richard M Lerner, 2007-08-21 Scientific research and science guided practice based on the promotion of an individual's strengths constitutes a radical shift in a new and growing area of study within the field of human development Its trademark term is positive youth development This approach to human development is based on the idea that in addition to preventing problems science and practice should promote the development of competencies skills and motivation in order to enhance individuals developmental pathways Approaches to Positive Youth Development is based on this concept and brings together authors from across Europe and America who are leaders in their respective fields The main focus of the book beyond a clarification of the paradigmatic foundations concerns the major contexts of adolescents and young adults namely neighbourhoods and leisure locales school and family and the major themes of healthy psychosocial development namely competences and knowledge prosocial behaviour transcending

Youth Development at a Girls' Residential Camp Carrie S. Mook,2005 **Youth, Identity, and Digital Media** David Buckingham,2008 The contributors explore how young people use digital media to share ideas and creativity and to participate in networks that are small and large local and global intimate and anonymous They look at the emergence of new genres and forms from SMS and instant messaging to home pages blogs and social networking sites They discuss such topics as girl power online the generational digital divide young people and mobile communication and the appeal of the digital publics of MySpace considering whether these media offer young people genuinely new forms of engagement interaction and communication **BOOK JACKET Positive Youth Development of African American Adolescent Females who Reside in an Urban Community** Pamela R. Smith-Minifee,2004 **Hispanic Journal of Behavioral Sciences** ,2006 **Journal of Child and Youth Care Work** ,2006 **Youth-led Health Promotion in Urban Communities** Melvin Delgado, Huiquan Zhou,2008 The introduction of innovative social paradigms that stress community participation community focused empowerment assets social and economic justice themes and in the case of youth civic participation represents one

of the outcomes of this questioning and bodes well for current and future generations. The subject of how best to address the current and future health needs of this country's urban marginalized communities is one that has also received considerable attention in academic, policy and practice arenas in the past decade. A variety of models have been put forth to achieve the goal of health in these communities. One of the most promising recommendations has been the use of health promotion as a vehicle for reaching and empowering communities of color in both rural and urban America. The youth led environmental justice movement as it will be addressed in various sections of this book is one of the latest and most promising approaches towards health promotion that is grass roots and community participatory based. Youth led health promotion represents an emerging field with tremendous implications for addressing the health needs of marginalized urban youth of color in the United States.
