

# Compare/Contrast Essay

As always, the instructor and the assignment sheet provide the definitive expectations and requirements for any essay. Here is some general information about the organization for this type of essay:

- A comparison essay notes either *similarities*, or *similarities and differences*.
- A contrast essay notes only *differences*.
- The comparison or contrast should make a point or serve a purpose. Often such essays do one of the following:
  - Clarify something unknown or not well understood.
  - Lead to a fresh insight or new way of viewing something.
  - Bring one or both of the subjects into sharper focus.
  - Show that one subject is better than the other.
- The thesis can present the subjects and indicate whether they will be compared, contrasted, or both.
- The same points should be discussed for both subjects; it is not necessary, however to give both subjects the same degree of development.
- Some common organizational structures include: (see note below)
  - Block method (subject by subject)
  - Point by point
  - Comparisons followed by contrasts (or the reverse)
- Use detailed topic sentences and the following connecting words to make the relationship between your subjects clear to your reader:

## Connectors That Show Comparison (Similarities)

• <i>In addition</i>	• <i>Correspondingly</i>	• <i>Compared to</i>
• <i>Similarly</i>	• <i>Just as</i>	• <i>As well as</i>
• <i>Likewise</i>	• <i>Same as</i>	• <i>At the same time</i>

## Connectors That Show Contrast (Differences)

• <i>However</i>	• <i>On the contrary</i>	• <i>On the other hand</i>
• <i>Even though</i>	• <i>In contrast</i>	• <i>Although</i>
• <i>Unlike</i>	• <i>Conversely</i>	• <i>Meanwhile</i>

## Compare And Contrast Essay Guide:

[A+ Guide to Compare & Contrast Essays](#) Alison Plus, 2013-03-12 This practical booklet can help you write a compare and contrast essay by showing you the complete process of writing this type of paper. This systematic method will start with your assignment and end with a final proofreading. In between that first and last step this writing method relies upon templates to help you build a well organized compare and contrast paper. These templates show you exactly what to include in different places within the paper. You will no longer need to guess what to write and where to write it. By using the templates the various pieces of the paper will work together to create a coherent draft. Follow the steps in order from the first to the last and do not skip any along the way. Each step builds on the previous steps. Assignment analysis turns into a table of factors, the table of factors turns into a working outline and topic sentences and so on. By completing each step before moving on to the next the next step will be easier. And so will the one after that. This booklet not only helps you write a complete paper but it shows you a method to apply in any similar paper that relies on the compare and contrast model. Working the steps carefully the first time will teach you the method. Then when you must write another compare and contrast essay use this booklet as a reference to refresh your memory on the steps and templates. The more you use the method the easier it will be.
