Very few motorcycles have carved a mark in history like the Vincent V twin from its arrival in 1946 and up to the present day  
On the road in club racing in drag races or competing for land speed records it dominated the motorcycle world leading to  
the famous catchphrase coined by the factory The World's Fastest Standard Motorcycle It was a FACT NOT a slogan Images  
such as that of Rollie Free in swimming trunks laying flat on his works modified Black Shadow and taking the American  
motorcycle land speed record at Bonneville in 1948 have now passed into posterity In fact the big Vincent was so ahead of its  
time that it continued to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes No other  
motorcycle in the world can claim this kind of achievement Following the premature ending of Vincent production Fritz Egli's  
1967 Egli Vincent was the first chassis completely redesigned for a Vincent in 21 years Egli's machine inspired numerous  
builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the  
classic and modern history of the Vincent Understand how the flame of passion still burns brightly today    Subject Index of
