**Trade Secrets and Intellectual Property** William van Caenegem, Luc Desautettes-Barbero, 2025-04-23 Trade secrets law is probably the least harmonized part of IP law Nonetheless there is a growing realization that variable rules concerning trade secrets impact investment decisions multinational businesses and hiring policies Recently this realization has resulted in the introduction of a new Trade Secrets Directive in the EU which has harmonized trade secrets law across the Union Nonetheless agreement about the policy underpinnings theoretical basis and economic impacts of trade secrets law remains elusive around the globe Legal
