*Popular Culture in Nordic Noir A Study of Selected Works of Maj Sjowall & Per Wahloo, Henning Mankell and Steig Larsson* Dr. Raunak Singh Rathee, 2023-02-15 This book discusses that the genre of crime fiction is suitable for the presentation of the crises conflicts and indeterminacies present in the plot of the selected works. This book exposes the darker side of Scandinavian countries particularly Sweden as the writers and works selected for the book are based on Swedish society. Though as a matter of fact Scandinavian countries are considered to be the most egalitarian and progressive welfare societies all over the world. The present book explores how popular culture may prove to be a significant thematic approach to studying Scandinavian crime fiction also called Nordic Noir. The Swedish authors use popular culture as a tool through which they try to convey their concerns regarding various serious issues like anti immigration racism xenophobia violence against women the violence of human rights crimes like the drug trade human trafficking etc. By assigning the central place to Sjowall and Wahloo's *Roseanna* 1965, *The Laughing Policeman* 1968, *The Terrorists* 1975, Henning Mankell's *Faceless Killers* 1991, *Sidetracked* 1995, *The Fifth Women* 1996, Steig Larsson's *The Girl with the Dragon Tattoo* 2005, *The Girl who Played with Fire* 2006 and *The Girl who kicked the Hornets Nest* 2007 this book enunciates the notion of popular culture and crime fiction genre in the propagation of the socio critical reflections of life in the welfare state. Hence this work also analyses the plot characters and themes in the aforementioned works to locate the elements of popular fiction in Scandinavian crime novels by representing this genre's ubiquitousness in the twenty first century.

*Teaching Accelerated and Corequisite Composition* David Starkey, 2023-11-21 Teaching Accelerated and Corequisite Composition is the first book to compile on the ground advice and teaching strategies specifically curated for accelerated and corequisite writing courses. Trailblazers in the field from colleges across the United States who developed a foundation for corequisites by facilitating equity and accessibility for marginalized students speak to a range of topics and demographics offering support for instructors and practical advice for improving student success. The book primarily explores accelerated composition through the lens of two year colleges to answer a central question in the field to what extent do educators need to alter two year college curricular design. The contributors also delve into assessment a crucial process for instructors and their students transitioning to accelerated learning the key role that reading plays in the writing process and noncognitive learning an area of study that has been associated with accelerated learning since its inception. Together these thirteen chapters provide instructors with a strategic approach to teaching accelerated and corequisite composition. *Teaching Accelerated and Corequisite Composition* points toward a new way of approaching first year composition a method of instruction that fosters the growth and success of writers who were once considered underprepared for college writing and are now achieving unprecedented success.
