Tragically they also include many of the world s most endangered species as changes in land use erode their wetland habitats
Some like the White Stork have lived alongside humans for hundreds of years and are well known from numerous studies
Others like the Storm s stork and ibises of West Africa South East Asia and South America live so secluded a life in the
remote corners of the globe that they will probably be extinct before even the most basic details of their biology are known In
this monograph three authors and two artists have combined their skills to capture what is known of this group of wading
birds The text opens with general chapters on taxonomy and feeding breeding and behaviour followed by detailed coverage
of each species *A Catalogue of the Library of Harvard University in Cambridge, Massachusetts: pt. 1 Systematic index.*
