

TPSS CCSS Aligned Lesson Plan Template-User Guide

Logon to On-Course and click My Planner

Step 1: On the calendar, left hand side, click on the week of your lesson plan.

Step 2: Go to the top and click load template, Master: CCSS aligned Template (choose 1, 2, 3, 4) subject.

Now it's time to create you plan:

*****Click anywhere inside the lesson plan template to edit*****

CCSS/GLE: *(Link using "Standards")*

- You can Link your CCSS and/or GLE's by clicking on standards on the left, then Common Core State Standards or LA GLE's.
- Click on your subject
- Select grade level
- Click + sign to add the Standard/GLE (- to delete the Standard/GLE at the bottom if needed)
- Click Save and Close **Note: Linked items will appear with a "flag" icon located at the bottom left corner of each box.**

Common Core Shifts: *(Link using "References & Objectives → CC Shifts & Math Practices")*

Every teacher should be including shifts in his/her lessons. Math teachers should be including shifts and mathematical practices.

Only click on the Shift/Mathematical Practices that pertains to your lesson for that day.

Learning Target/Objective(s): *(What will students know and be able to do as a result of this lesson?) This is the outcome of your lesson.*

Wording of these is dependant on the expectations of your leadership team and how you have communicated this to teachers. Objectives will be written so that students understand them. Make sure students will be able to show evidence of mastery of the objective. This may mean having some sub-objectives aligned to the major objective.

Relevance/Rationale: *(Why are the outcomes of this lesson important in the real world? Why are these outcomes essential for future learning?)*

Why do students need to learn this skill or concepts in order to be college or career ready? Why are we teaching this?

Formative Assessment Criteria for Success: *Link using "References & Objectives → Assessment" (How will you and your students know if they have successfully mastered the outcomes? What specific criteria will be met in a successful product/process? What does success on this lesson's outcomes look like?)*

Formative assessment is an active and intentional learning process that partners the teacher and the students to continuously and systematically gather evidence of learning with the goal of improving student achievement. Examples: Summaries, Reflections, Lists, Charts, Graphic Organizers, Visual Representations of information, Collaborative Activities

- You can Link your **assessments** by clicking on Assessment on the left
- Click Assessments
- + Category
- + Methods
- Click on the type of assessments, then click "Link"
- Click Save and Close

CCSS and UDL: Common Core State Standards and Universal Design for Learning Joseph Casbarro,2013-01-01 Given the prevalence of student diversity schools are struggling to find ways to help with the implementation of CCSS With the wide range of student learning styles socioeconomic backgrounds and life experiences one key to meeting this challenge is the use of Universal Design for Learning UDL Originally developed to address the instructional needs of students with disabilities UDL is now being embraced as an answer to creating learning environments where all students regardless of their individual differences can meet the CCSS Designed for classroom teachers this guide provides practical strategies and best practices for utilizing UDL as a means to help students successfully access and achieve the CCSS [Aligning Third-grade Fractions Curriculum with the Common Core State Standards: a Teacher's Plan for Implementation](#) Brooke L.N.. Webster,California State University, Sacramento,2013 The last implementation of state standards was in 1997 when California and the rest of the country were in an economic climate that supported growth in so many aspects including education In 2010 the state of California adopted new State Standards set forth by the federal and state governments California teachers are tasked with implementing these standards however many teachers are not being provided with the necessary tools to support their teaching With larger class

sizes and little to no money teachers are being asked to change in an environment that offers them little to no support Common Core Standards are of the educational future in California Due to the lack of financial support in buying new curriculum that aligns to these standards teachers will have to rely on their own professional practices to help them implement to these new standards For the teachers in many districts this means developing support lessons and materials that align with these new standards while using their old non aligned curriculum as the base This master s project will help teachers to bridge the curricular gap in the fractions unit of the third grade math curriculum Macmillan McGraw Hill 2008 The project s supplemental lessons will coincide with the textbook lessons while at the same time aligning with the CCSS This project includes written lesson plans that can be easily implemented by third grade teachers in my district and will assist them in teaching based upon the new CCSS Using the current third grade curriculum alongside the Common Core State Standards National Governor s Association Center for Best Practices and Council of Chief State School Officers NGA CCSSO 2010 as well as other fractions resources I developed supplemental fractions lessons that any teacher could use In addition to the detailed lessons themselves the project contains all instructional materials including student in class worksheets and suggested assessments
