**Cell Talk** John E. Upledger, 2003 InCell Talk Dr Upledger presents the conceptual and experiential core of his work By addressing the relationship between cell activity and consciousness he strikes at the heart of how living systems form and heal themselves and indeed how organisms with minds may exist at all Understanding how cells communicate and how it is possible to augment their interactions provides us with a new way of catalyzing cure Its concepts open new vistas of understanding therapeutic options and offer an unabashed look at the possibilities of working with cellular consciousness
