Excerpt from *Christian Worship Services for the Church With Order of Vespers and Hymns* This volume is prepared to meet an actual want in our churches here and in the hope of its being of some use elsewhere We needed a new collection of chants and anthems for our usual worship and also a sufficient manual for our new evening service or Vespers In few words the plan of the book may be stated In the first place we have sought to give a regular morning and evening service which shall duly combine freedom and order or the variety which is the spice with the constancy which is the bread of life and save us at once from the monotony of a wholly set ritual and the distraction of a wholly variable choice Thus in the morning service the two chants that may be sung severally at the opening and after prayer vary every Sunday in the month and may moreover give place each to a versified hymn immediately following so as to allow the same order to return once a month or by using the hymns also so as to allow the same order to return once in two months Thus the service has a certain spontaneity and method combined and the pieces may be sung without being announced or read and at the same time they may be at once found in the book There is ample room left for free choice in the remainder of the service and the pieces to be sung therein may be selected at pleasure In the second place we have given an extended and careful order of service for Vespers on very much the same plan and have added a full selection of psalms for responsive reading and of hymns especially adapted to this service The idea of course is not new for Vespers are as old as the Christian Church if not older and all of the great churches of Christendom Rome at the head have their vesper ritual Our order is wholly Protestant and in fact in some respects more bold and progressive than any other of our services yet it retains much of the severe beauty of the ancient rule and will be found to wake echoes between the old and new ages Our esteemed brother Rev Samuel Longfellow formerly of Brooklyn has been the pioneer in this movement and we can recognize his labors without sacrificing our own judgment The service here given will be found to afford opportunity for the highest art of music and at the same time to be within the reach of the simplest congregational worship About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books
