*The Ethics of Horror* Michael J. Burke, 2024-03-06 The Ethics of Horror Spectral Alterity in Twenty First Century Horror Film examines the theme of spectral haunting in contemporary American horror cinema through the lens of ethical responsibility Arguing that moral obligation can manifest as terror to the complacent self the text extracts this dimension of ethics in twenty first century horror films Drawing on the ethical theories of Emmanuel Levinas and Jacques Derrida which posit the asymmetrical obligation of the self to the other Michael Burke highlights how recent horror films portray spectral antagonists as ethical others that hound protagonists and summon them to an accountability that they can neither evade nor ever completely fulfill Burke observes the resulting destabilization of notions of ethical responsibility and justice in a variety of contemporary horror subgenres including technohorror haunted house and zombie films

[Wickedpedia](#) Chris Van Etten, 2014-06-24 It's the return of Point Horror for the Internet generation Don't open the door Don't answer your phone And whatever you do DON'T turn on your computer Cole and Greg love playing practical jokes through Wikipedia They edit key articles and watch their classmates crash and burn giving oral reports on historical figures like Genghis Khan the first female astronaut on Jupiter So after the star soccer player steals Cole's girlfriend the boys take their revenge by creating a Wikipedia page for him an entry full of outlandish information including details about his bizarre death on the soccer field It's all in good fun until the soccer player is killed in a freak accident just as Cole and Greg predicted The uneasy boys vow to leave Wikipedia alone but someone continues to edit articles about classmates dying in gruesome ways and those entries start to come true as well To his horror Cole soon discovers that

someone has created a Wikipedia page for him and included a date of death He has one week to figure out who s behind the murders or else he s set to meet a pretty grisly end **Followers** Anna Davies,2014-06-24 To tweet or not to tweet what a deadly question When Jenna loses out on a starring role in the school s production of Hamlet she reluctantly agrees to be the drama department s social media director and starts tweeting half hearted updates She barely has any followers so when someone hacks her twitter account Jenna can t muster the energy to stop it After all tweets like Something s rotten in the state of Denmark and a body s rotting in the theater are obviously a joke But then a body IS discovered in the theater Jenna s rival Suddenly what seemed like a prank turns deadly serious To everyone s horror the grisly tweets continue and the body count starts to rise There s no other explanation someone is live tweeting murders on campus With the school in chaos and the police unable to find the culprit it s up to Jenna to unmask the psycho tweeter before the carnage reaches Shakespearian proportions or she becomes the next victim **Defriended** ,2013 *Digital Citizenship in Twenty-First-Century Young Adult Literature* Megan L.
