

# THE ENTREPRENEUR'S GUIDE TO PRODUCTIVITY

A 5-STEP DAY PLANNER

Focus on "output" rather than "activity" or "input".  
You can do the task, but measure the results to  
see what's really important. That way, time is spent  
on what generates the greatest return.

Ask, "What's the most you can do with the time  
you have available? What's the most you can do  
with the resources you have?"

Eight points.

1. **Set clear goals.** You can't measure what you can't  
see. Set clear, measurable goals for what you  
want to accomplish. That way, you can focus on  
what's important.
2. **Prioritize tasks.** Prioritize tasks based on  
what's most important. That way, you can focus on  
what's most important.
3. **Establish work boundaries.** Establish work boundaries  
so you can focus on what's most important. That way,  
you can focus on what's most important.

80% TIME & EFFORT  
20% RESULTS

## STEP 3 FOCUS ON RESULTS.

As an entrepreneur, you're often faced with the reality of competing in a  
marketplace that's saturated with many other entrepreneurs. That's why  
it's important to focus on what's most important. That way, you can focus on what's  
most important. That way, you can focus on what's most important.

**New business mistakes:**  
The most common mistake is to focus on quantity over quality. That's why it's important to focus on what's most important. That way, you can focus on what's most important.

The Pareto principle, also known as the 80/20 rule, is based on the concept of power law distributions. It states that 80% of the outcomes are produced by 20% of the inputs. That's why it's important to focus on what's most important. That way, you can focus on what's most important.

It's important to focus on what's most important. That way, you can focus on what's most important.
