getting to the REM stage of sleep is crucial to getting the kind of rest that recharges you and energizes you for the next day What many of us do not know is that we have a degree of control over our dreams as well as the fact that dreams help us access a state of restfulness The concept of lucid dreaming describes a kind of meditative state where we can access the most creative and open parts of our mind regular dreaming is when we achieve deep healing sleep Guiding your children into dreams is a meditative practice that they can use to bolster their imaginations and achieve truly restful sleep This book covers Encouraging Your Child's Imagination Through The Stories A Wide Selection Of Stories To Tell Your Child Illustrated Collection of Bedtime Stories And much more 55% OFF for Bookstores NOW at 14.83 instead of 32.97 LAST DAYS You will Never Stop Using this Awesome book Buy it NOW and get addicted to this amazing book **Bedtime Stories For Kids**
