**Guide for Church Ushers & Greeters** Joseph Brewer,2021-01-21 What is an usher He is the can do will do go to guy for his pastor during the services at his church He sets aside his personal desires to serve his pastor the congregation and the guests in attendance He is the smile and extended hand of welcome as you enter the doors to his church He s the guy ready with the answers to your questions or he knows where to get the answers The professional manner in which he conducts himself creates a smooth and seamless worship experience for all those in his building He s the watchman at the gate keeping an eye out for dangers He has a plan for when unforeseen circumstances arise He is prepared to act decisively when called upon He s the man who will show you to your seat and is entrusted to take up the offering The decision to write this booklet came from the careful study of the somewhat antiquated handout I have been giving my new ushers to read when they begin their role as an usher at our church I ordered several more books on the subject to search for a book that embodied everything I wanted to instill in my team of ushers but my search came up lacking While these handouts and books were great literature they did not quite offer the depth that I was looking to give to my ushers Through this search I found some to be more ritual than helpful while others were very heavy on the theology of ushering and church boards but less practical I wanted something practical and more to the point of how to deal with everyday circumstances in the role of an usher I wanted to find a book that speaks more directly to the reader Since my search result came up empty I decided to write one myself I approach this subject from over twenty years of ushering experience and thirteen years as a head usher I also draw from my twenty five years of working in industrial construction as what is called a Millwright and for a time as an Ironworker During most of my time working in construction I was the foreman on the job Years later I would take from these experiences and apply them in my role being the head usher of my church After more than twenty years of being involved

with various ministries in my church all the while being a greeter and an usher I can tell you that in my opinion and experience being a greeter or being an usher is one of the most important ministries you can take part in at your church Being an usher and or a greeter is very rewarding and brings a substantial amount of joy if you approach it the right way It can also be frustrating heartbreaking and at times very intense I have been the head usher in my church since 2007 I m in charge of ushering greeting and security I get to see many aspects of the ministry from various perspectives and I will touch on all three areas in this book My life verse is Psalms 84 10 It reminds me every day of where I want to be in my life and why I do what I do For a day in Thy courts is better than a thousand I had rather be a doorkeeper in the house of my God than to dwell in the tents of wickedness Psalms 84 10 KJV      Contact Front Jimmy Stout,2020-07-16 Contact Front is a devotional guide for those that are seeking to meet the call to security in the church setting It is specifically aimed at the initial development of those who are just starting to answer the call to God s service in protecting the Church Body in a Christian Church A needed book at the right time Bob Lowe Tucson Arizona An important view into the Biblical view and the practical aspects of church security David Kersten Oro Valley Arizona Rev Jimmy Stout has had a career in the military and law enforcement spanning thirty years and ten countries He is still a very active member of the Law Enforcement and Security Community He is a proud veteran and former member of the famed 445th Military Police Company where he served as a Non commissioned Officer      **Church Safety and Security** Steward Church Insurance,2007\*      **Make My Church Safe** SAM. the Cause of Christ Hedge Protection Ministries has developed a Biblically Based and easy to follow program that will teach your members how to implement an effective Security Ministry capable of maintaining that balance What They Don't Tell You about Church Safety Bryan Donihue, 2014-05-06 On December 10 2007 there was a horrific mass murder at a Colorado based youth missions training center and the church that funded that center On that fateful Sunday morning at Youth With a Mission and New Life Church a man with a grudge set out to kill as many people as possible In total he succeeded in killing four people and wounding several His rampage was only stopped by a volunteer at New Life Church who happened to be on the church's security team Because she was armed that security person was able to defend the church and stop a mass murderer If she and her companions weren't there the body count would likely have been higher in this 10 000 member mega church There are many books about church security available Those books contain great information about crimes in the church and making the church more secure With everything from parking lot lighting to safe selection and groundskeeping to internal cameras those books are designed to teach churches how to do corporate security All of them include emergency planning and all of them treat the church as any other business when it comes to security This is NOT one of those books Instead Bryan looks at church safety from a different perspective as a ministry of the church Bryan started the Safety Team Ministry at Frontline Community Church in Grand Rapids Michigan from scratch With only some published materials available and a background in corporate security and police work Bryan created the typical church security team with typical struggles and issues After much heartache and even more prayer Bryan believed that church security was the wrong direction Bryan realized that the missing ingredient was MINISTRY and the culture of the corporate security practices and standards played a major role in the shortfall This book is about the struggle and process of creating a church safety ministry Instead of being rehashing corporate security concepts this book focuses on what others don't tell you Topics include hiring for personality working with the church board working with other ministries and having the right tools and mindset to be a ministry The final chapter is a step by step guide to starting a church safety ministry in your own church This book also includes links to valuable resources including documentation for a church safety team other websites for information and other recommended books This book is written for anyone who is interested in starting a safety ministry at their church anyone who currently leads a safety ministry and church staff and pastors who are interested in what church safety should be all about This book is designed to open up a conversation about modern day church safety and hopefully offer some insights to the process
