## **Corporate Responsibility Sustainable Development Globalization:**

### **Corporate Social Responsibility and Sustainable Development in Emerging Economies** Roopinder

Oberoi, Dhirendra K. Vajpeyi, 2015-12-24 Corporate Social Responsibility and Sustainable Development in Emerging Economies is an anthology of seven case studies plus two theoretical chapters in a comparative context. It analyzes issues related to the rise of multinational corporations, their immense economic and political influence in a globalized world, and their social responsibility, corporate citizenship. Corporate social responsibility is closely examined in terms of meeting the challenges of the widening gap between rich and poor, relationships with sovereign states, environmental degradation, exploitation of natural resources, labor practices, and human rights issues in societies in which multinational corporations operate. Are these corporations exempt from social roles and accountable to only their shareholders, the minimalist position propounded by economists such as Milton Friedman, or do they also have ethical and social responsibilities to participate in improving the quality of human lives in impoverished societies in Africa, Asia, and Latin America? Corporate Social Responsibility Oliver F. Williams, 2013-11-26 Over the last 30 years, corporate social responsibility (CSR) has become a household term, reflecting a combination of factors that we have come to associate with that most catch-all of terms, globalization, including the widespread popular concern with such social issues as the environment and international human rights. Corporate Social Responsibility examines the history of the idea of business ethics, which goes back at least to ancient Mesopotamia, before exploring the state of CSR today. This book argues that a wide-ranging understanding of the purpose of business is necessary to create value for a community of stakeholders, which in turn can generate a sustainable future. The book suggests that corporations still have a long way to go, but remains optimistic. The book's sanguine interpretation of the current state of corporate affairs and a recommended way forward results not only from the author's analysis but also from his direct experience. This book presents the case that we are in the midst of a major paradigm shift in our understanding of the purpose of business, and that this new understanding holds much promise for business being a significant force for a more just and peaceful world. This work provides a concise overview of CSR and an important examination of the present and future work of the UN Global Compact and will be of interest to students of international organizations, international business, and corporate social responsibility. *Corporate Social Responsibility and Sustainable Development in Emerging Economies* Roopinder Oberoi, Dhirendra K. Vajpeyi, 2015-12-24 Corporate Social Responsibility and Sustainable Development in Emerging Economies is an anthology of seven case studies plus two theoretical chapters in a comparative context. It analyzes issues related to the rise of multinational corporations, their immense economic and political influence in a globalized world, and their social responsibility, corporate citizenship. Corporate social responsibility is closely examined in terms of meeting the challenges of the widening gap between rich and poor, relationships with sovereign states, environmental degradation, exploitation of natural resources, labor practices, and human rights issues in societies in which multinational corporations

operate Are these corporations exempt from social roles and accountable to only their shareholders the minimalist position propounded by economists such as Milton Friedman or do they also have ethical and social responsibilities to participate in improving the quality of human lives in impoverished societies in Africa Asia and Latin America     Current Global Practices of Corporate Social Responsibility Samuel O. Idowu,2021 This book addresses the status quo of Corporate Social Responsibility practices and their development since 2008 How have things changed in the practice of CSR What new opportunities and challenges have arisen The book reports on an international set of cases and case studies on how CSR is practiced at business and organizations in various countries It analyzes country specific and industry specific issues as well as general global issues in connection with the United Nations Sustainable Development Goals The contributions gathered here provide comprehensive information on CSR for both practitioners and researchers around the globe     **International Business, Sustainability and Corporate Social Responsibility** Maria Alejandra Gonzalez-Perez,Liam Leonard,2013-02-27 This is the first in a two volume study of Corporate Social Responsibility and corporate behaviour from around the world taking in viewpoints from five continents and over ten countries These case studies present a detailed analysis of best practice in the corporate world in the areas of social ethics and community engagement     **Corporate Responsibility** Michael Blowfield,Mick Blowfield,Alan Murray,2011-01-27 This textbook examines the multiple dimensions to corporate responsibility creating a framework that presents a historical and interdisciplinary overview of the field a summary of different management approaches and a review of the key actors and trends worldwide     Corporate Responsibility Michael Blowfield,Mick Blowfield,Alan Murray,2014 This textbook examines the multiple dimensions to corporate responsibility creating a framework that presents a historical and interdisciplinary overview of the field a summary of different management approaches and a review of the key actors and trends worldwide     *Globalization and Corporate Citizenship: The Alternative Gaze* Malcolm McIntosh,2017-09-08 The theory and practice of corporate citizenship and CSR have many alternative perspectives to the business as usual gaze The essays in this volume encapsulate the essence of these alternative ideas and embrace the idea that progressive ways and means of this century do not lie in mainstream capitalist thinking These pieces ask critical questions about the way we see the relationship between capitalism business models and society a subject not often discussed in non academic literature *Globalization and Corporate Citizenship The Alternative Gaze* features contributions and new analysis from Klaus M Leisinger Chris Laszlo David Cooperrider Simon Zadek Sandra Waddock and others This title is one of a two volume set a collection of seminal and thought provoking essays drawn from the Journal of Corporate Citizenship s archive accompanied by new analysis and reflection from the original authors Written by some of the most widely recognized academic and business pioneers and leaders of the corporate responsibility and global sustainability movement the volumes make essential reference texts for anyone interested in the radically awakening new global political economy     **Global Challenges to CSR and Sustainable Development** Stephen Vertigans,Samuel O. Idowu,2021-02-24

This book examines and analyzes the challenges programmes for Corporate Social Responsibility CSR and sustainable development are facing in global management practice It looks at the dichotomy of a general and popular demand for responsible and resilient management and the counterplayers that impact the positive effect of such efforts The book assembles latest research looking at the root causes for this opposition and new case studies that showcase the dilemma and possible solutions to overcome it Overall the book juxtaposes short terminism within CSR programmes and longer term sustainable development mis allocation of resources and failed promises associated with CSR and sketches pathways how CSR and sustainable development can be directed towards the most pressing issues

**The Sustainable Development Goals as drivers for Corporate Responsibility and Sustainable Investment?** Nicola Stefan Koch,2019-05-27 Master s Thesis from the year 2018 in the subject Business economics Business Ethics Corporate Ethics grade 1 3 Zeppelin University Friedrichshafen Leadership Excellence Institute language English abstract The integration process of the Sustainable Development Goals into corporate governance structures management activities and reporting frameworks as well as investment strategies ratings and products constitutes the core of this paper Here four hypotheses are derived from the foundations and critical reflections of Corporate Responsibility and Sustainable Investment which are tested in seven expert interviews The Sustainable Development Goals reopen the debate on how economic and financial actors should fulfill their social responsibility towards people planet prosperity peace and partnership While the operationalization of Corporate Responsibility and Sustainable Investment have often served as risk and reputation management in the past the Sustainable Development Goals now call for social impact and innovation management As a result the perspective shifts from the question of how the wider world affects business and financial activities to the question of how business and financial activities affect the wider world However the integration of the Sustainable Development Goals is still at an early stage and their driving force for Corporate Responsibility and Sustainable Investment depends on various conditions obstacles and friction points

**Corporate Responsibility and Competitiveness** Gilbert Lenssen,Wojciech Gasparski,Boleslaw Rok,Peter Lacy,2006 This e book draws on papers presented at the European Academy of Business in Society Fourth Annual Colloquium in Warsaw Poland December 2005 The event was hosted by the Leon Kozminski Academy of Entrepreneurship and Management and the Warsaw School of Economics It was part of the EABIS led project The European Platform for Excellence in CSR Research supported by the European Commission s Sixth Framework Research Programme The Colloquium and this e book are an attempt to lift debate to another level on both corporate responsibility and competitiveness in order to push the boundaries of knowledge They are also an attempt to build the platform for serious understanding at the level of corporate strategy and public policy

*Corporate Social Responsibility & International Development* Claudia Bara,2010-01-12 Inhaltsangabe Introduction Global changes of the worldwide economy and free markets offer many business opportunities and advantages for multinational corporations MNC but also a lot of social

challenges and ecological threats In the last decades many scandals hit various industries for different casualties for instance the oil industry for several oil spills the mining industry for collaboration with corrupt governments and exposing workers to unsafe labor conditions the clothing industry for exploiting employees or using child labor in sweatshops the toy industry and other industries for importing tainted and unsecure products from China As corporations have reaped the benefits of globalization and international trade they are now more than ever demanded to take responsibility for the consequences resulting from their business activities Due to the risk of a damaged reputation loosing consumers and hence decreasing profits and as a result of public criticism more and more corporations are pushed to change their business strategy in a way that fosters sustainable development As the business world becomes smaller and more transparent an increasing number of corporations are embracing Corporate Social Responsibility CSR to demonstrate their stewardship CSR is a concept that demands corporations to adress the economic social and environmental impacts of their global operations while generating profits The idea of CSR has become a concept that is growing in its importance and it is not only endorsed by corporations and organizations but also by individual consumer and governments Henry Ford quoted once If there is any one secret of success it lies in the ability to get the other person s point of view and see things form that person s angle as well as from your own This statement shows that companies striving to be economically successful are also demanded to consider the interests of all its multiple stakeholders As corporations are gaining an increasing power and have an enourmous impact on the society in industrialized and developing countries they are expected to respond to the societal demands and ecological concerns of all those who are affected by a company s business practices The aim of this paper is to give a detailed overview of CSR with all its components and its implementation process into the overall business strategy It analyzes the role corporations play or should play in fostering sustainable

**Globalisation Volume 1** Allan Aubrey Boesak,L. D. Hansen,2009-06-01 Since the adoption of the Accra Declaration by the World Alliance of Reformed Churches in Accra Ghana 2004 churches in the Reformed communion all over the world have been confronted with some of the most burning issues of our day globalisation in the myriad life changing ways it impacts on the world and the lives of ordinary people in communities everywhere

**The Economics of Social Responsibility** Carlo Borzaga,Leonardo Becchetti,2010-06-10 This book offers a rethinking of the burgeoning research on not for profit organizations and socially responsible economics Adopting a comparative approach the chapters explore and reinterpret the impact of social enterprises on the provision of general interest services work integration microfinance and fair trade and show how these enterprises form the hub of an emerging economy of social responsibility The book provides a new interpretation of social enterprises as entrepreneurial organizations that pursue social objectives and are successful due to the non self seeking motives of their members This book will be of interest to postgraduate students professionals working in the not for profit sector and scholars interested in socially responsible economics It is particularly suitable for seminars and workshops

focusing on the management of not for profit organizations sustainable development and globalization      **Corporate Social Responsibility - Sustainable Business** Rae Lindsay, Roger Martella, 2020-06-17 In a dramatic departure from its voluntary origins corporate social responsibility CSR is rapidly shifting to hold multinational companies accountable for more than traditional shareholder performance This CSR movement is embracing new environmental social and governance ESG frameworks that both promote global sustainability goals and enhance accountability for negative impacts businesses can have on planet and people This collection of essays by leading businesspeople international civil servants legal practitioners academics and other experts offers a forward looking and pragmatic perspective that illuminates the major themes in this movement towards increasingly sustainable transparent and accountable business practices The collection shows how CSR has evolved to account for societal pressures environmental climate change and human rights impacts international policy imperatives and the practical challenges of regulating commercial activity that transcends borders The chapters offer an in depth examination of current issues including international frameworks and multistakeholder initiatives catalysing foundational change the shifting emphasis on corporate imperatives to avoid harm to third parties trends in CSR focused on assuring the planet s future sustainability and social stability regulatory initiatives around the globe including Europe North America Asia and Africa and extended accountability for activities of corporate group members and supply chains The pressure and business case for companies to incorporate CSR into corporate governance is intensifying with each quarter shareholder meeting and regulatory agenda The integration of CSR and new ESG frameworks into multinational corporate strategy and operations is key to sustainable business models that can generate long term value for the organization and all stakeholders Their acceptance as cornerstones of 21st century business practice appears inevitable Taking full account of the imperative for companies and their lawyers to grapple with the practical and legal challenges in this area this volume is an invaluable and pragmatic addition to the practitioners toolbox at this important juncture in an ever more dynamic field

Corporate Social Responsibility and Globalisation Björn Rentner, 2006-08-07 Seminar paper from the year 2003 in the subject Business economics Business Management Corporate Governance grade 1 3 Turku School of Economics course Strategic Perspectives on International Business language English abstract Is corporate social responsibility a new business trend or perhaps a breeding ground competitive advantage It definitely is the buzzword of the early 21st century business The impact of business on the social and natural environment has been more or less under discussion for the past 40 years but just lately it has become the most topical issue in business environment Investors academics NGOs and business consultants are all talking about corporate social responsibility The concept Corporate Social Responsibility CSR can be used as an umbrella term for a range of terms such as corporate responsibility corporate citizenship accountability transparency triple bottom line management sustainability reputation management and people planet profit Kokko 2002 69 According to Berthoin Dierkes MacMillan Marz 2003 27 the CSR issue has recently had three significant developments Firstly

international organisations have launched CSR initiatives such as GRI and EU Green Paper to promote socially responsible behaviour and social reporting Secondly the concept triple bottom line TBL was introduced to focus the corporations not just on the economic value they add but also on the environmental and social value they add and destroy Thirdly the investors have realised that the value of their investment portfolio may fall if companies act in a socially irresponsible manner Thus we can infer that there is a growing need for companies to incorporate CSR into their business strategy and everyday business behaviour The purpose of this paper is to obtain knowledge of CSR in global business environment

**Perspectives on Corporate Social Responsibility** Nina Boeger, Dr. Rachel Murray, Charlotte Villiers, 2008-01-01 Examines the concepts of corporate social responsibility CSR in the context of globalisation and its many challenges focusing on different legal perspectives that arise

**Perspectives on International Corporate Responsibility** John Hooker, Ans Kolk, 2005 The field of international corporate responsibility has emerged as an important subfield of business ethics in response to increasing concerns about the ethical conduct of international businesses This volume contains intensive discussions by prominent scholars from many countries of codes of business conduct for multinational enterprises socially responsible investing corporate reputation and globalization corporate responsibility and environmental issues investment in developing economies and responsible marketing

International Corporate Social Responsibility Ramon Mullerat, 2010-01-01 At present Corporate Social Responsibility CSR for some may not be more than an attitude Can it be more What degree of commitment can we reasonably expect of corporations in the struggle to eradicate poverty promote human rights halt climate change and reverse ongoing environmental destruction It is not a question of power more than half of the world's top 100 economies are corporations not nation states Whatever can be done to fix the world's problems corporations are in the best position to do it

Back cover **Corporate Social Responsibility?** Charlotte Walker-Said, John D. Kelly, 2015-09-02 This volume presents corporate social responsibility CSR as a series of economic and political strategies that are currently shifting the focus of international human rights activism and signalling the rise of new forms of global governance In as much as the work demonstrates the limitations of CSR and offers a critical perspective on corporate techniques of market domination it also posits a future for CSR within the human rights movement
