Dan Gets a Minivan Dan Zevin, 2013-05-14 Dan Zevin master of Seinfeldian nothingness Time is trying his best to make the transition from couplehood to familyhood Acclimating to the adult oriented lifestyle has never been his strong suit and this slice of midlife story chronicles the whole hilarious journey from instituting date night to joining Costco from touring Disneyland to recovering from knee surgery from losing ambition to gaining perspective Where it's all heading is anyone's guess but for Dan suburbia's calling and his minivan has GPS Jacket p 2 Directory of Discount & General Merchandise Stores ,1999 *Ethical Theory and Business* Denis G. perform essentially the same work as cashiers in the United States they receive higher pay are mostly full time and experience lower turnover and higher productivity And unlike the United States where many retail employees are subject to unpredictable schedules in Germany retailers are required by law to provide their employees notice of work schedules six months in advance The authors show that disparities in job quality are largely the result of differing social norms and national institutions For instance weak labor regulations and the decline of unions in the United States have enabled retailers to cut labor costs aggressively in ways that depress wages and discourage full time work On the other hand higher minimum wages greater government regulation of work schedules and stronger collective bargaining through unions and works councils have improved the quality of retail jobs in Europe As retail and service work continue to expand American employers and policymakers will have to decide the extent to which these jobs will be good or bad Where Bad Jobs Are Better shows how stronger rules and regulations can improve the lives of retail workers and boost the quality of low wage jobs across the board
