Courageous Leadership Bill Treasurer, 2011-02-08 Overcome fear and adversity in the workplace with courage *Courage* is the first virtue of leadership success Leaders require courage to make bold decisions even when there are dissenters to say what needs to be said no matter the consequences and to place their trust in those they manage Yet surprisingly despite the central role that courage plays in leadership success until now there have been few training programs devoted solely to building courage in the workplace The *Courageous Leadership* workshop introduces a new organizational development practice called courage building As a new professional discipline courage building is predicated on the assumption that people perform better when they are behaving courageously than when they are anxious and afraid To be a courage builder

however you have to role model courageous behavior This workshop is designed to help you do just that The objectives of this workshop are to Learn about the three different types of courage and when and how to use each Gain insight into your own courage history so that you can use your past to strengthen your future Understand the impact that fear has on personal and organizational performance Learn about two distinct ways of leading and approaches for inspiring more courageous behavior among the people with whom you work Identify specific actions for extending the value of the workshop so that you can continue benefiting from it going forward Become a courageous leader By learning to apply the strategies and approaches that are introduced in the Courageous Leadership workshop and then applying them in your workplace you will help people step up to challenges more readily embrace change more fully and speak up more assertively When you put your courage to work and when you step past the threshold of your zone of comfort the entire workplace benefits

With Schwarzkopf Gus Lee, 2015-10-13 With Schwarzkopf is Gus Lee's remembrance of his mentor and friend H Norman Schwarzkopf and his firsthand account of how Schwarzkopf shaped his life In 1966 Lee a junior year cadet at West Point was bright athletic and popular He was also on the verge of getting kicked out Nearing the bottom of his class due to his penchant for playing poker and reading recreationally instead of studying engineering he was assigned a new professor then Major Norman Schwarzkopf Schwarzkopf's deeply principled nature and fierce personality took hold of the wayward cadet and the two began meeting regularly and discussing what it meant to be a scholar a soldier and a man Lee's vibrant witty narrative brings his more than forty year relationship with Schwarzkopf to life Readers get an inside look at West Point culture they see Schwarzkopf's bristling anger with his rebellious pupil as well as his tenacity intellect and moments of surprising emotional warmth and they watch as Lee starts to absorb his teachings As he left West Point and took on more professional and personal roles Lee approached every crisis or difficult decision by channeling his mentor Over the years Schwarzkopf's instilled values wise counsel and warm conversations shaped Lee and brought the two together in an unlikely friendship In With Schwarzkopf Lee passes along the lessons he learned so future generations can hear Schwarzkopf's important teachings
