## Chess Endgame Books:

**Chess Endgames for Kids** Karsten Muller, 2015-06-23 Starting with the basic mates and the simplest pawn endings this book provides all the endgame knowledge that players need to take them through to club level and beyond Muller carefully guides us step by step through a fascinating range of endgame tactics and manoeuvres helping us understand the underlying logic

*Understanding Chess Endgames* John Nunn, 2009 One of the world's foremost chess writers provides everything you need to know about chess endgames Assuming no specialized endgame knowledge John Nunn presents 100 key endgame concepts and explains how they are used to win games or save difficult positions He covers all the main types of endgames and typical thinking methods and so equips readers with all the skills needed to excel in this vital phase of the game up to good club level and beyond The endgame is the stage of the game where precision is most important and where errors are punished most drastically It is also deceptive many endgame positions look too simple to require prior knowledge but yet contain fiendish concealed pitfalls that can reverse the result of the game on the spot Some key positions simply have to be memorized as they can hardly be worked out at the board especially when playing with today's faster time controls In such perilous terrain an expert guide is necessary John Nunn could not be better qualified he is a battle hardened grandmaster of top level over the board chess and a solving world champion From his wealth of endgame expertise he has distilled a course of fundamental knowledge that is highly targeted on practical success for all levels of players

Tragicomedy in the Endgame Mark Dvoretsky, 2011 The Key Concepts of Chess Endings In 2003 when it was released Dvoretsky's Endgame Manual became an instant classic Now the chess instructor extraordinaire offers an introduction to the fascinating world of chess endings This book is designed to highlight the key concepts of the most common chess endgames and will prove quite instructive to chessplayers of all levels Topics include The King in the Endgame Pawn play Zugzwang Saving Methods Tactics in the Endgame Piece Maneuvering Piece Exchanges Technique and much more The author has countless practical suggestions for improving your endgame play in this era of rapid time controls so that you don't end up drowning in the ocean of endgame theory Let Mark Dvoretsky help you win more games as he examines some elementary endgame errors from master play and shows you how to avoid making the same mistakes

*The Greatest Ever Chess Endgames* Steve Giddins, 2012-04-17 Chess players are known to be obsessed by openings However world champions have recommended that up and coming players should actually begin by studying the endgame first This is because only by studying simplified positions can one fully develop an understanding of how chess pieces work both in isolation and with each other It is also the endgame where the true depth and subtlety of chess is revealed In this instructive and entertaining book renowned endgame expert Steve Giddins selects 50 of the finest examples of endgame play in the history of chess Giddins examines each example in great detail and uses them to demonstrate the essential principles of high quality endgame play This book is full of essential guidelines and tips which all players should follow if they want to become a successful endgame player 50

examples of brilliant endgame play Examines key endgame strategies Ideal for players of all levels *Chess Endgames for Club Players* Herman Grooten, 2022-10-11 Any good chess coach will tell you to study the endgame Improving your knowledge of the third phase in a chess game will bring you many extra half or even full points After the success of his award winning classics *Chess Strategy for Club Players* and *Attacking Chess for Club Players* Herman Grooten has now written an equally instructive endgame manual He teaches you how to understand the themes of an endgame and find the right moves based on your understanding International Master Herman Grooten learned about endgames the hard way as many good players have Early in his career he realized there was a lot to be gained in this undervalued part of the game Building on his experience as a player and coach Grooten takes an original approach to convey his message the endgames are divided according to theme not chess material This is a novel but very effective way to learn the ins and outs since many themes can occur with different material balances The material is richly illustrated with many examples from practical play as well as endgame studies which present the motifs in their purest and most attractive form The result is a lively and highly instructive guide to the endgame *Practical Chess Endings* Paul Keres, 2018-10-26 An updated edition of Paul Keres classic endgame instructor designed specifically for practical players with over 500 extra diagrams to facilitate learning and memorisation of critical lines of endgame play It is an essential practical book for all chess players from one of the world's greatest grandmasters Keres remained an elite grandmaster throughout his life and is widely regarded as one of the strongest ever players not to have won the world chess champion His book is a comprehensive guide to the precise handling of all basic endgame positions It features logical step by step explanations of procedures required to obtain the best possible results from frequently occurring queen rook bishop knight and pawn endings It includes commentaries on the final stages of selected tournament games which demonstrate the art of favourable transposition from complex to clear cut endgames

**Van Perlo's Endgame Tactics** Ger van Perlo, 2015-09-01 New and substantially expanded edition of a modern chess classic By chance in 2013 publisher New In Chess discovered a previously unnoticed and unpublished extra batch of endgame tactics collected by the legendary Dutch correspondence grandmaster Ger van Perlo 1932-2010 More than 250 fresh examples have been added making this fourth edition 25% BIGGER than its predecessors For casual players and club players Why is it that most amateur chess players love opening and middlegame tactics but hate endgames Why do you usually look at only a couple of pages in any endgame theory book you see Sit back forget about theoretical endgames and enjoy the entertainment of real life chess in *Endgame Tactics* There is no substitute for hard work in getting better at chess as a wise grandmaster once said But you always work harder at something you enjoy Make the first step towards improving your endgame play and beating more opponents by learning to love the endgame Endgames are fun and the examples from everyday practice in *Endgame Tactics* prove it New 4th and 25% expanded edition of a best selling modern classic More than 1 300 Sparkling Tricks and Traps WINNER of the ECF Book of the Year Award WINNER of the ChessCafe Book of the Year

Award Makes regular players discover the fun in endgame

## **100 Endgames You Must Know** Jesus De La

Villa,2014-05-28 There are contrary to what most amateurs believe relatively few chess endgames one must know Jesus de la Villa an international grandmaster and former champion of Spain presents the endgames that show up most frequently in practice are easy to learn and contain ideas and concepts that are useful in more difficult positions He brings you simple rules guiding ideas at the beginning of each chapter detailed and lively explanations many diagrams clear summaries of the most important themes recommended exercises that will help you understand the material and tests divided in two parts basic and final The main thing De la Villa asks of you is to always understand WHY you play a move

**Understanding Minor Piece Endgames** Karsten Müller,Yakov Konoval,2018-11-27 Understanding Mastery Knowing the abilities and limitations of the minor pieces is very valuable for mastering the secrets of the royal game and this can be studied best in the endgame It is essential to understand the management of the long range bishop albeit confined to one color as well as the short range ubiquitous knight This book is the second volume in the authors acclaimed Understanding Endgames series It follows a dual philosophy like their previous work Understanding Rook Endgames It deals with seven piece minor piece endings in some detail These endgames are often so deep that pre tablebase analysis almost always contained errors Many new discoveries are revealed here In addition the authors emphasize the important five and six piece endings every club player should know But to really understand minor piece endings these theoretical positions are of course not enough Sub chapters on the principles of each material configuration have therefore been added Understanding Minor Piece Endgames will take you a long way to mastering these important endings Having had the pleasure to preview this book I can tell you that you are in for a treat Careful study of this book will benefit your chess immensely From the Foreword by GM Jacob Aagaard

Dvoretsky's Endgame Manual: Fourth Edition Mark Dvoretsky,2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky s Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate

variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here s what they had to say about the First Edition Dvoretsky s Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post

**Silman's Complete Endgame Course** Jeremy Silman,2006-02 A famed writer speaker player and international master has created the one and only endgame book chess enthusiasts need as they move up the ladder from beginner to tournament player to possession of the coveted master title

**Endgame Preparation** Jon Speelman,1981 An advanced analysis of important areas of the chess endgame in which complex positions are re evaluated by the author who makes a number of significant improvements on previous assessments

**Chess Endgame Workbook** Todd Bardwick,2021-03-14 Chess Endgame Workbook presents hundreds of endgame positions from significant master and grandmaster games Gain the skills to finish off your opponent and win more games with this book in the Chess Detective Workbook series Learn endgame fundamentals like creating and promoting passed pawns activating the king simplifying to a winning ending and salvaging a draw when you are behind Basic principles for king and pawn minor piece rook and queen endings are covered in detail Avoid pitfalls and learn how to think during the game Two hundred problems with a comprehensive answer key at two skill levels Basset Hound novice to intermediate and Chess Detective intermediate to advanced A large format fun comprehensive workbook and instruction book for children and adults ranging from those with a basic chess foundation up to the above average tournament player

**Practical Chess Endings** Irving Chernev,1969-01-01 300 practical endgame situations ranging from very simple to masterpieces by Capablanca Reti Tarrasch Lasker more

**Understanding Rook Endgames** Karsten Muller,Yakov Konoval,2016-03-22 Endgames with rooks and pawns are the most frequently occurring in chess arising in about 1 game in 10 If you learn an important technique in this endgame chances are you will end up using it sooner or later And there are a great many methods and concepts that can be mastered with a little effort This book highlights the key themes in rook endings and at each turn invites the reader to test his knowledge and skills with abundant exercises Rook endgame theory does not stand still New practical examples illustrate novel approaches as players seek to pose problems to their opponents Magnus Carlsen has shown that even the driest looking positions can feature deadly traps The ongoing creation of new endgame tablebases of which co author Yakov Konoval has been at the forefront enables new classes of positions to be assessed with definitive certainty Using six man and the brand new seven man tablebases the authors re examine many of the old evaluations and reach new and enlightening conclusions about classic rook endings You will be startled and amazed and soon discover that you are becoming a far more effective endgame player German grandmaster Karsten M ller is arguably the world s foremost writer on chess endgames His masterwork Fundamental Chess Endings is a modern endgame bible and was studied intensively by current World Champion

Magnus Carlsen in his youth Yakov Konoval is a Russian chess player and programmer who studied at Mikhail Botvinnik's chess school. He has written programs for solving chess problems and has pioneered new techniques for generating endgame tablebases.

**Chess Endgame Training** Bernd Rosen, 2003-03-11 This is an endgame manual with a difference. As soon as a topic has been introduced and a few basic ideas discussed, you are immediately invited to immerse yourself in the subject by solving a series of relevant positions. The solutions to these positions feature a wealth of practical advice and further discussion of endgame principles and the key theoretical points. All the main types of endgames are covered: pawn endings, minor piece endings, rook endings, and queen endings. Rosen discusses important elements in endgame strategy such as pawn structure, passed pawns, space advantage, breakthrough, and Zugzwang. Endgames are often highly tactical, and this is reflected throughout this book in exercises that require precise calculation and in sections devoted to typical tactical themes. There is a wealth of exercises throughout the book.

**Understanding Queen Endgames** Karsten Müller, Yakov Konoval, 2020-01-15 The Daunting Domain of Queen Endgames Explained. Knowing the abilities and limitations of the powerful queen is very valuable for mastering the secrets of the royal game, and this can be studied best in the endgame. Queen endgames are very difficult; if only for purely mathematical reasons, the queen is the most mobile piece in chess, and the amount of possible options is incomparably higher than in any other type of endgame. This book follows a dual philosophy, as in the three previous works by the same authors: *Understanding Rook Endgames*, *Understanding Minor Piece Endgames*, and *Understanding Rook vs Minor Piece Endgames*. The 7 piece endings are dealt with in great detail. They are often so complex that pre-tablebase analysis almost always contains errors. Many new discoveries are revealed here. But to really understand the fight of a queen against a queen or minor pieces with rooks, these theoretical positions are of course not enough. So subchapters on the principles of each material configuration have been added. All in all, this fantastic book is already on my very short must-study list for chessplayers of different levels, including the top ten. I want to thank the authors for the courage which is required just to start working on such a complex topic, as well as for the very high quality of their work, which will endure for decades to come and will be very useful for many future generations of chessplayers.

Foreword by Vladimir Kramnik, 14th World Chess Champion

**The Art of The Endgame** Jan Timman, 2023-08-29 All through his career, Jan Timman has been captivated by the mystery and splendour of endgame studies. Even during his most successful and busy years as a world-class player, Timman continued to compose studies and admire those of others. For him, there has never been any doubt that his journeys in this magical world helped him to grow as a player. In this fascinating book, first published in 2011, Timman has collected studies by other composers and explains in his lucid style how they inspired him to create dozens of brand-new studies. Timman has revised the book for this new edition. With the help of engines, Timman discovered that a few studies needed to be corrected or had alternative solutions. He removed six studies and replaced another six with better versions. And fourteen new studies have been added, two of which are published here for

the first time      **Practical Chess Endgames** David Vincent HOOPER,1968      *The Chess Endgame Exercise Book* John Nunn,2020-10-14

Everyone knows they should work on their endgame play So many hard earned advantages are squandered in simple endings But it s tough finding a way to study endings that doesn t send you to sleep and that helps you actually remember and apply what you have learnt While endgame theory books are helpful active participation by the reader is a great aid to learning I hope that this book of endgame exercises will encourage readers to put their brains in high gear both to test themselves and to learn more about the endgame I have spent several months selecting the 444 exercises in this book from what was initially a much larger collection John Nunn All major types of endgame are covered together with a wide ranging chapter on endgame tactics Examples are drawn from recent practice or from little known studies The emphasis is on understanding and applying endgame principles and rules of thumb You will learn by experience but always backed up by Nunn s expert guidance to ensure that the lessons you take away from the book are correct and useful Dr John Nunn is one of the best respected figures in world chess He was among the world s leading grandmasters for nearly twenty years and won four gold medals at chess Olympiads In 2004 2007 and 2010 Nunn was crowned World Chess Solving Champion ahead of many former champions In 2011 his two volume work Nunn s Chess Endings won the English Chess Federation Book of the Year Award and was highly praised by Levon Aronian who read both books cover to cover when making the award presentation

### **Chess Endgame Books Introduction**

In today's digital age, the availability of Chess Endgame Books books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Chess Endgame Books books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Chess Endgame Books books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Chess Endgame Books versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Chess Endgame Books books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Chess Endgame Books books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Chess Endgame Books books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and

technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Chess Endgame Books books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Chess Endgame Books books and manuals for download and embark on your journey of knowledge?

## FAQs About Chess Endgame Books Books

1. Where can I buy Chess Endgame Books books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
