Milarepa and the Art of Discipleship I Sangharakshita,2018-04-05 The story of the spiritual journey of the famous Tibetan yogi Milarepa is often told but less well known are the stories of his encounters with those he met and taught after his own Enlightenment eleven of which are the catalyst for volumes 18 and 19 of The Complete Works The first three were originally published in The Yogi's Joy and to these have been added an intriguing fourth The Shepherd's Search for Mind The other seven stories form a sequence tracing the relationship between Milarepa and his disciple Rechungpa from their first meeting to their final parting when Rechungpa is exhorted to go and teach the Dharma himself As portrayed in The Hundred Thousand Songs of Milarepa Rechungpa is a promising disciple but he has a lot to learn being sometimes proud distracted anxious desirous of comfort and praise over attached to book learning stubborn sulky and liable to go to extremes In other words he is very human and surely recognizable to anyone who has embarked on the spiritual path He all too often takes his teacher's advice the wrong way or simply ignores it and it takes all of Milarepa's skill compassion and patience to keep their relationship intact and help his unruly disciple to stay on the path to Enlightenment Sangharakshita's commentary is based on seminars he gave to young enthusiastic but as yet inexperienced Dharma followers and while much can be gleaned from it about the path of practice of the Kagyu tradition the main emphasis is simply on how to overcome the difficulties that are sure to befall the would be spiritual practitioner how to learn what we need to learn in short the art of discipleship

Making Saints in Modern China David Ownby,2017 Sainthood has been and remains a contested category in China given the commitment of China's modern leadership to secularization modernization and revolution and the

discomfort of China's elite with matters concerning religion. However, sainted religious leaders have succeeded in rebuilding old institutions and creating new ones despite the Chinese government's censure. This book offers a new perspective on the history of religion in modern and contemporary China by focusing on the profiles of these religious leaders from the early 20th century through the present. Edited by noted authorities in the field of Chinese religion, *Making Saints in Modern China* offers biographies of prominent Daoists and Buddhists as well as of the charismatic leaders of redemptive societies and state managers of religious associations in the People's Republic. The focus of the volume is largely on figures in China proper, although some attention is accorded to those in Taiwan, Hong Kong, and other areas of the Chinese diaspora. Each chapter offers a biography of a religious leader and a detailed discussion of the way in which he or she became a saint. The biographies illustrate how these leaders deployed and sometimes retooled traditional themes in hagiography and charismatic communication to attract followers and compete in the religious marketplace. Negotiation with often hostile authorities was also an important aspect of religious leadership, and many of the saints' stories reveal unexpected reserves of creativity and determination. The volume's contributors from the United States, Canada, France, Italy, China, and Taiwan provide cutting-edge scholarship. Taken together, these essays make the case that vital religious leadership and practice has existed and continues to exist in China despite the state's commitment to wholesale secularization.

History of Zen Yu-hsiu Ku, 2016-11-23. This book tells about the History of Zen in China and Japan. It has altogether 16 chapters. The first eight chapters are about Zen in China, and the later eight chapters about Zen in Japan. It is mainly concerned with a detailed account of inheriting lineage and sermons of different Zen schools and sects in China and Japan, as well as the specific facts of Chinese monks crossing over to Japan for preaching and Japanese monks coming to China for studying Chan/Zen Buddhism. First arose in China some fifteen hundred years ago with Bodhidharma or Daruma being the First Patriarch. It would go on to become the dominant form of Buddhism in China in the late Tang Dynasty, absorbing China's local culture to form a kind of Zen Buddhism with Chinese characteristics. Zen Buddhism has not only exerted considerable influence on Chinese society and culture throughout its history but has also found its way into Japan and the Democratic People's Republic of Korea. The lineage charts at the end of the book, collected by the author from different corners of the world, represent an invaluable resource. Further, the works and views on Zen of Western scholars introduced in this book are of great reference value for the Zen world.
