Bent, 2013-10-28 *Musica ficta* is the practice of sharpening or flattening certain notes to avoid awkward intervals in medieval and Renaissance music This collection gathers Margaret Bent's influential writings on this controversial subject from the past 30 years along with an extensive author's introduction discussing the current state of scholarship and responding to critics Also includes 25 musical examples **Tonal Counterpoint for the 21st-Century Musician** Teresa

Davidian, 2015-02-10 Students today have grown up in the age of digital technology As a result they process information in radically different ways than preceding generations They like their information fast and consider visual images as important as textual content In *Tonal Counterpoint for the 21st Century Musician* Teresa Davidian finally provides students a textbook that is quick direct and visual a direct reflection of the age in which they live This book is easy to understand comprehensive and distinctly modern in its approach to the study of counterpoint Written in a style that is clear simple and informal writing style Davidian artfully mixes the history of counterpoint with an outline of its structure placing musical examples from J S Bach side by side with those from The Beatles to illustrate the universality and currency of counterpoint in music analysis and composition Designed as a single semester introduction *Tonal Counterpoint* brings the study of counterpoint into the present by Making ample use of diagrams and flow charts Including helpful step by step prompt sheets for analyzing inventions and fugues Placing just as much emphasis on the composition as on the analysis of counterpoint Offering a broad array of musical examples including the work of women composers American songwriters current students and pop music composers Throughout Davidian explains how the techniques of 18th century contrapoint still readily apply to how music is composed today *Tonal Counterpoint for the 21st Century Musician* is ideal for students in the fields of music theory composition music history and performance *Counterpoint and Compositional Process in the Time of Dufay* Kevin N.
