Viral Hit Twitter Trending S:

Producing for TV and New Media Cathrine Kellison, Dustin Morrow, Kacey Morrow, 2013-02-11 This book provides a thorough look at the role of the producer in television and new media. Written for new and aspiring producers, it looks at both the big picture and the essential details of this demanding job. In a series of interviews, seasoned TV and new media producers share their real-world professional practices to provide rich insight into the complex billion-dollar industries. The third edition features more on the topics of new media and what that encompasses, covering the expansion of the global marketplace of media content. The traditional role of a television producer is transforming into a new media producer, and this book provides a roadmap to the key differences and similarities between the two.

Social Commerce Efraim Turban, Judy Strauss, Linda Lai, 2015-11-17 This is a multidisciplinary textbook on social commerce by leading authors of e-commerce and e-marketing textbooks, with contributions by several industry experts. It is effectively the first true textbook on this topic and can be used in one of the following ways: Textbook for a standalone elective course at the undergraduate or graduate levels including MBA and executive MBA programs; Supplementary text in marketing management or Information Systems disciplines; Training courses in industry; Support resources for researchers and practitioners in the fields of marketing management and information management. The book examines the latest trends in e-commerce, including social businesses, social networking, social collaboration, innovations and mobility. Individual chapters cover tools and platforms for social commerce, supporting theories and concepts, marketing communications, customer engagement and metrics, social shopping, social customer service and CRM. Contents: the social enterprise, innovative applications, strategy and performance management, and implementing social commerce systems. Each chapter also includes a real-world example as an opening case, application cases and examples, exhibits a chapter summary, review questions and end-of-chapter exercises. The book also includes a glossary and key terms, as well as supplementary materials that include PowerPoint lecture notes, an Instructor's Manual, a test bank and five online tutorials.

Information Technology Law Andrew Murray, 2016

Information Technology Law is the ideal companion for a course of study on IT law and the ways in which it is evolving in response to rapid technological and social change. The third edition of this groundbreaking textbook develops its unique examination of the legal processes and their relationship to the modern information society. Charting the development of the rapid digitization of society and its impact on established legal principles, Murray examines the challenges faced with enthusiasm and clarity. Following a clearly defined part structure, the text begins by defining the information society and discussing how it may be regulated before moving on to explore issues of internet governance, privacy and surveillance, intellectual property and rights and commerce within the digital sphere. Comprehensive and engaging, Information Technology Law takes an original and thought-provoking approach to examining this fast-moving area of law in context. Online Resource Centre: The third edition is supported by a range of online resources, including an additional chapter on

Virtual Environments Audio podcasts suitable for revision Updates to the law post publication A flashcard glossary of key terms and concepts Outline answers to end of chapter questions A link to the author's blog The IT Lawyer Web links
