By examining high quality early care within a real life setting this resource illustrates how to build a successful program, handle the inevitable challenges and achieve and sustain positive results. Using their experience in child development and child therapy the authors demonstrate how to create environments that foster healthy relationships for children and adults. Build on children's sense of wonder and joy for learning in preparation for later academic experiences. Use families' ethnic and cultural diversity as a teaching tool. Maintain professional standards for administration and staff. Developing Quality Care for Young Children is invaluable not only for early childhood educators, administrators and trainers but also for anyone striving to make a difference in the lives of our youngest learners.
